But often people always turn it into something complicated. (Page 286) Revan and Reina have been close since childhood, so there is no need to wonder if there is a sense of comfort with each other. Their intimacy is finally established, and do not have to wait for their time to finally become lovers. The age difference between them is not an obstacle. Although Reina is a few years older than Revan, they are still happy to be in a relationship. But, do not want to say that their relationship is full of love, like any other partner lover, their days, not the radiance with reproach, ridicule and even ridicule. However, that's where the pair are unique. Their families don't bother, even maintaining their relationship. No one knows what the scenario will go forward. What he hopes won't happen may instead turn against him. (Page 145) Their relationship went well until one day the shadow of Reina's past returned. Figure The man who once made Reina fall in love and heartbroken is present again in the midst of his second relationship. I know we were close, but now the situation is different. You can't just break into my life anymore. (Page 203) Fabian's presence again ruined Reina's life, which also confused Revan. Reina is still curious as to why Fabian left, and Revan is too afraid of losing Reina. Feelings are complex, and feelings can also suddenly change. (Page 177) On the other hand, Dira is also present in Revan's life. A younger brother who happens to meet frequently and helps Revan. Dir suddenly, instead has feelings for Revan. People can't determine who they're going to fall to. As the decision to drive a car heading into the ravine, all they want to know is that it wanted to fly for a moment. A sense of false happiness. It is too dark for their eyes that they forget the fact that they can burn and crumble into pieces that can't be put together anymore. (Page 227) Until Revan finally learns the secret Fabian kept, what happens next? Who will Rhine choose between Revan or Fabian? What secrets does Fabian keep? (Page 254) Reading this novel is honestly a very fun, easy novel, and it doesn't take long to read. The idea is simple, but the author makes the novel interesting to read. At first I thought I'd just be presented with a best friend story so love, love triangle or age difference love turned out to be more than that. It's not that simple. Reading this novel makes me second guess what exactly the conflict of the novel, because at first it was the author deliberately built the relationship between Revan and Reina, as well as their interaction with people close to him. The conflict only began when Fabian and Dira showed up, making me wonder what this story was about and what would it take? Too much hope will only lead us to a bitter reality. (Page 118) Fabian's presence again certainly rediscovers Reina's past and arouses curiosity as to why she left and why she returned. A secret that I'm interrogating, of course. Until it turned out that Revan knew by accident at first, I was honestly shocked. And I understand why Revan decided not to tell Raine. It's so human, I understand Revan is just afraid of losing. Some things are better left unspoken. But, if one day it will only get worse, how? (Page 189) I was made to wonder what to do. If he knows Fabian's secret. What makes me want to read to the end quickly. And fortunately, as I thought. I love the interaction between Revan and Reina, a very unique couple. Their chat line responses are mutually flawed and rebuke. They have their own way of expressing their feelings, and it's interesting. So don't be surprised if I'm often forced to smile at myself while reading this novel, seeing Revan's behavior towards Raine, and vice versa, as well as Revan and his gang. GOKIL is bad, so remember my early days :D My favorite character fell for Revan, even though he was a teenager and younger than Reina, but sometimes he can be wiser than Reina. Revan is what it is and it makes me fall in love. Especially when you look at his interactions with Reina, his friends and family are the same. Revan really became himself. Even so warm. Overall, you are looking for an easy romance story that can make you drift even smile yourself, let's read this novel. If you can advise, do not read when in a public place, if you do not want to indicate why to read with :p I want you to be happy, and it is because of me. I want to make you happy for the rest of my life. (Page 284)... more Revan and Reina have been friends since childhood because they were neighbors.
