ANTONI GAUDÍ COLLECTION

The original reproductions of the pieces of furniture designed by Antoni Gaudí

Using traditional techniques Fusteria P.M. handcrafts the reproductions of the pieces of furniture designed by Antoni Gaudí.

These works of art are made of carefully selected and dried French oak wood.

The reproductions are made using the masters obtained in 1991 from the original pieces thanks to the invaluable collaboration of the Royal Gaudí Chair and the Gaudí Museum in Barcelona through their respective directors, Mr. Joan Bassegoda Nonell as far as the Royal Gaudí Chair is concerned and Mr. Josep M. Garrut Romà as far as the Gaudí Museum is concerned, besides the collaboration of Gabinet Modernista and outstanding carvers Jordi and Josep Cortina.
