Women's confessions fhm

FHM True Stories was one of the funniest books ever published. Stories of disaster, embarrassment and bad luck are always great when it happens to someone else and you can read about them from the comfort of your own toilet seat/chair/private jet. So we put another one together! True Stories 2 is a new collection of gaudy, horrible and downright grotesque real stories, all supplied by readers of the world's best magazine – FHM. And not satisfied with the fantastic selection of True Stories, we also included material from two other great FHM institutions: The Mouth of babes and the ladies' creed. The first features words of wisdom from fairer (and not always wiser) sex, the second honest true confession from women who will have their face burning! All this adds up to another hilarious book from FHM and Carlton Books Ltd Incărcare Loading... But any girl who has ever come across her sexual dedication knows that for the first time it isn't always as amazing as pop songs and Hollywood movies make it. So we have 10 real women to get out of here, as it turned out for the first time. Read on for their exciting, embarrassing and terrifying cherry-popping chronicles, and see how you fare against them! I had my first boyfriend when I was 15. He was almost 10 years older than me, so obviously he already had his fair share of experience. He was also my neighbor and happened to live on the same street. One sweltering summer day, I was home alone. It was a weekend and I had nothing to do but spend hours chatting on the phone with my then-boyfriend. In the middle of the conversation, he mentioned that his parents were out for the day and asked if I wanted to come and have some ice cream. You know what happened next! That summer meant losing my innocence. My friend of two weeks was a complete home and pushed me daily to do ugly with him. One day, when we were seeing his best friend, he brought me to a spare room where he slept and seduced me out of my clothes. We had to keep it down because his best friend and my friend were in the other room. It was fast and unsatisfactory, and I knew his best friend knew we did it. 26 The guy I once dated was very loud about wanting to make love to me. I tried to endure making us for the first time together more special, but one drunken night everything changed. After we had too much to drink at the party, he insisted on bringing me home. While driving we started teasing and starving each other. The moment we got to my house, we were doing all-around parking, stairs, and finally, a balcony. He carried me to one side, and the next thing I knew we were doing it. The next day, I remembered the flashes of that crazy night when I was nursing a big hangover. He, on the other hand, had a great, I SCORED! smile on my face when we met. - Jessica, 25 Continue reading below ▼ Featured videos When I was 18, I saw this guy who was much older than me. On all our dates, I was always madly attracted to him, but we never did anything more than hold hands. One night, when we were hanging in his car in a parking lot near my high school dorm, things started to get steamy. He invited me to go to the hotel with him, and I hesitated because I'd miss the dorm curfew. And hello? I've never been to such a place before! Since we got too hot and heavy by then we ended up making it in his car. In a dark parking lot, with a disrespected security guard wandering around the property, how romantic is that?. Tina, 27 On was my first boyfriend. During one of these campus-wide activities in high school, we stayed overnight on the school campus, commandeering one of the empty classrooms to sleep in. We're done. When all our classmates came back, we tried our best to dampen our smiles. - Debbie, 28 at the time. I was 23 and somehow fell in love with someone I knew in college. He was a writer, and in my head he was as sexy as those dark, sad characters in the books I loved to read. One night, he caught me from work and suggested we go back to his house. I think the rain that night got us in the mood because as soon as we got into his bedroom, we ended up doing it with everyone as much as possible. In one round, I even hit my forehead and he yelled, 'Oh my God, are you okay?' We held on to it until we were both tired, and ended up cuddling until there was time for him to drive me home. - Veronica, 27, I was 17 at the time, and he was 18. We were classmates in college and he was a younger member of this club to which I belonged. I became his mentor, and eventually we got close and started dating. After going out for four months, we decided to take our relationship to the next level. So we booked a hotel room, did it, and was addicted to the act. We spent a lot of time that day on room tips. KK, 24 during my last year of college, school, he was dating a guy 17 years older. It started with a couple of dinner dates for a coffee meet-up and then doing it in the car. One night after dinner, he said, we have to go somewhere for more privacy. I just shrugged, but I think I knew in the back of my mind what kind of place he was referring to and what he planned to do. I've decided I can handle the situation no matter what. Sure enough, things warmed up when we got there, and one thing led to another. That night, I had my sexual awakening, with a man older than me. - Ida, 27 My high school friend and I were finally in college at the time. We were both 17. I imagined for the first time to be with candles, wine, roses, sweet expectations, and movie scripted lines. One lazy Saturday night, we were slid in to watch some movie in his apartment. Cuddling suddenly went from PG to R and there it happened, in a messy college apartment, with fluorescent lamps, no wine, and no roses. But for me, it was absolutely perfect. - Marley, 28, I was 17 when I was dating a guy 10 years older than me. He drove me home and parked right in front of our apartment, choosing a place without street lights. We started kissing and things warmed up. Next thing I knew, here we go! We got so into the deed that we didn't notice a police car parked nearby until the officer soon trapped in the car window. We were brought to the police station where my parents were informed. I'm not going to go into all the humiliating things that happened afterwards, but needless to say, my first time was a nightmare. - Chloe, 27 Probieren Sie es jetzt kostenlos für 7 Tage ausNeueste und vergangene Ausgaben von 5,000+ Zeitschriften & ZeitschriftenDigitaler Zugang. Geschenk FHM PhilippinesMagazin-DetailsIn dieser Ausgabe As the esteemed men of this company, we are expected to take over, hold a fortress, and lead women in the right direction. Especially when it comes to wild, passionate sex. But admit it: ever-make that most of the time—it's a great feeling to just lie down in bed, close your eyes, maybe even get tied up with a bed, and let your lady do all the work. Be controlled. Being engulfed by a woman with an insatiable appetite to do ugly. To be quiet (or slightly moaning) witness the spectacle that takes place right in front of your eyes. We thought it would be nice to hear from our favorite FHM babes' POV, so for this year's ladies' confession: Celebrity Diaries, we asked them to sign up for their best experience (and one fantasy) about taking the lead in the bedroom. The different levels that dominate their partners are staggering: from covergirl Bubbles Paraiso making her male friends wriggle when she's with a female lap-dancer, to how timeless bombshell Gwen Garci likes to do extreme things under the sheets, like tying her man up. We learn from them that if the ladies decide to manipulate you, manipulation would be too weak a term. However, we really, really, really like that Jederzeit kündigen [Keine Verpflichtungen]Nur digitalÄHNLICHE ZEITSCHRIFTENAlle anzeigen anzeigen
