

Child Safeguarding Statement (CSS) 25-27

Through the IRFU and related Branch, New Ross RFC provides rugby activities to young people through participation in mini and youth coaching, competitions and participation programmes in related schools and/or the community. The club is committed to the enjoyment of rugby by young people. It values and encourages the participation of parents, coaches and volunteers in rugby for participants under 18-years of age (known as age-grade players). The club will adhere to the IRFU Safeguarding Policy, which strives to respect the dignity and rights of age-grade players.

The club will strive to promote, create and maintain safe environments for age grade players. It will endeavour to maintain the key values of Respect, Inclusivity, Integrity, Excellence and Fun. A detailed Safeguarding Policy can be found here, <https://www.irishrugby.ie/playing-the-game/spirit-of-rugby/safeguarding/safeguarding-policy/> and is available through the Club Welfare Officer (Deborah Ryan). Sport Ireland and Sport NI safeguarding guidance should be used where the IRFU has not published specific guidelines, in particular with regard to the principles that safeguard children from harm, <https://www.sportireland.ie/ethics/safeguarding-sport> or <https://www.sportni.net/about-us/safeguarding/>

The club has carried out a risk assessment for any potential harm to a child while involved in rugby. These risks were categorised under the following headings Recruitment, Club and Coaching Practices, Reporting, Complaints, Facilities, Communication and General Risk of Harm. The assessment reviewed the areas of potential risk of harm, the likelihood of the risk occurring, and gives the required policy, guidance and document links to manage these risks. The written risk assessment and the procedures for managing these risks is available at the end of this statement / in the full version of this statement (virtual or printed version)

Our Child Safeguarding Statement has been developed in line with requirements of the IRFU and under the Children First Act 2015 and in Northern Ireland, the Safeguarding in Sport Standards for NI. In addition to the procedures listed in our risk assessment, the club adheres to the following procedures that are in place as part of the IRFU Safeguarding Policy and our intention to safeguard children:

- Procedure for the safe recruitment and selection of workers and volunteers to work with children,
- Procedure for provision of and access to child safeguarding training and information, including the identification of the occurrence of harm, <https://www.irishrugby.ie/playing-the-game/spirit-of-rugby/safeguarding/training/>
- Procedure for the reporting of child protection and welfare concerns to Tusla (Ireland) and Gateway (Northern Ireland) through the National Safeguarding Officer and appointed Mandated Person within IRFU: **Stephen Gore, safeguarding@irfu.ie**. The Club Welfare Officer **Deborah Ryan** is the Relevant Person as per Children First Act. Other staff and volunteers within the club may hold the role and responsibility of a Mandated Person as per Schedule 2 of the Act but have not been appointed by the club/IRFU. They are always expected to act as a Mandated Person and when making a report in their professional

capacity that involves rugby should always inform the IRFU Mandated Person that such a report has been made by them.

- Procedure for the management of allegation of abuse or misconduct against workers/volunteers towards a child availing of our service can be found in the Case Management Policy, <https://www.irishrugby.ie/playing-the-game/spirit-of-rugby/safeguarding/concerns/>
- Procedure for appointing a relevant person for the purposes of the implementation of this Child Safeguarding Statement
- Procedures to minimise risk of harm to a child have been put in place and are available in the IRFU Safeguarding Policy, <https://www.irishrugby.ie/playing-the-game/spirit-of-rugby/safeguarding/safeguarding-policy/> All procedures listed are available on the IRFU website, <https://www.irishrugby.ie/playing-the-game/spirit-of-rugby/safeguarding/>

The club management expects those involved within age-grade rugby to adopt and supervise the implementation of these safeguarding principles and standards. The club recognises that implementation is an ongoing process. It is committed to the implementation of this Child Safeguarding Statement and accompanying IRFU Safeguarding Policy and procedures to keep children involved in rugby safe from harm. We will do this through the implementation of the Club Action Plan (part of the Club Safeguarding Guide) which is audited annually.
