

How to use Parental Controls to restrict Safari, Camera, FaceTime, Siri & Dictation, AirDrop, iTunes Store, Apple Music Connect, iBooks Store, Podcasts, Installing Apps, Deleting Apps & In-App Purchases:

Deleting Apps & In-App Purchases:

- Launch the **Settings** app from the Home screen of your iPad.
- Tap on **General** midway down the list.
- Tap on **Restrictions** midway down the list and enter your Restrictions Passcode.
- Tap the switch next to each app that you'd like to turn off.
- Remember, you can turn any or all of these off, and then selectively turn any or all of them back on when you're around and supervising your child.

CUSD Recommendations:

Turn off:
