Basically, Stitch Applications are all the different things you actually do with your machine! Online Owner's Class (+) Learn the basics of your machine, such as correctly threading the machine, selecting stitches, making a buttonhole, changing the needle and more. Available online when you are! SINGER Sewing Assistant App (+) Use this app to help you learn more about the machine's components, how to set up the machine to start sewing, including tightening the top of the machine and coil, how to select stitches for different techinques and more. Built-in stitches (23) Choose from a variety of stitches for basic sewing, decorative sewing and more One-Step Buttonhole (+) Buttonholes are sewn in one simple step. Simply place the button in the buttonhole foot and the machine sews buttonhole perfect size for that delivering consistent results every time. Built-in Needle Threader (+) Effortlessly screws the eye off the needle - eliminates eye strain and saves you time Top Drop In Bobbin (+) Easy to thread and easy to see! The transparent coil and cover you check your wire supply so you don't run out of wire in the middle of a seam. Drop Feed (+) Feed teeth can be lowered for button sewing or free-motion sewing – a must-have for quilters! Slide the Drop Feed Lever to lower the feeding teeth. Slide it back and turn the handwheel a full turn to raise the feeding teeth again. Easy Stitch Selection Dial (+) Built-in stitches are displayed on the Stitch Selector Dial. Rotate the dial to select the stitch you want to sew. Adjustable stitch length (+) Adjust the appearance of a stitch by increasing or reducing the distance between stitches. Use this feature for various stitching techniques such as applique, basting and more. Adjustable stitch width (6mm) The size of the stitch from left to right is adjustable, to make the stitch narrower or wider as desired. Adjustable pressure of the press foot (+) When sewing very light or heavyweight fabrics it may sometimes be necessary to reduce or increase the pressure of the press foot to help the machine carry the substance through the machine. Reverse (Lever) Sewing stitches in reverse, usually done to secure a seam at the beginning and end to avoid unraveling. Heavy Duty Metal Frame (+) The interior frame of the machine is made of metal and offers a long-lasting durability of Stainless Steel Bed Plate (+) The surface of the machine's arm is made of stainless steel, allowing your fabrics to glide smoothly while sewing. High-Performance Motor (+) The machine has an engine that is 60% stronger than a standard sewing machine engine, allowing you to sew at higher speeds up to 1100 stitches per minute. High Speed Stitching (1100/min) Professional speed for faster results. Free arm (+) Slide the removable storage compartment to access the free arm, Making it easy to sew pants, sleeve cuffs and other smaller or tubular projects Machine Cover (Soft Cover) a cover features your machine to keep it dust-free when not in use Snap-On Presser Feet (+) Press feet can be easily removed and attached when needed for various sewing techniques Extra High Press Footer Lifter (+) Presser foot has an extra high position available for thick fabrics. Variable needle positions (3) Adjust the position of the needle, as desired for various sewing techniques such as topstitching, edgestitching, zipper application, piping insertion and more Bobbin Class (15 Transparent) SINGER or INSPIRA brand welds are for best results Machine size (15.5 x 6.25 x 12) Machine weight (14.6) Box size (18 x 8.5 x 13) Ampère (0.7) Watt (84) Volt (120) Hz (60) Warranty (90 days / 2jr / 24 yrs) 24 yrs) 24) yr)
