

Read the Passage & Use Soap!

Scripture – Write down a verse, a sentence, or a phrase that JUMPED OUT AT YOU (that’s the Holy Spirit, btw). If you want, underline it, circle it, highlight it!

Observation – Write down WHAT YOU SEE in the text you wrote down. Why did it jump out at you? What does this tell you about God? What does it mean? Maybe re-write it in your own words.

Application – Ask yourself the question: SO WHAT? Write down what the OBSERVATION means for you! If you really believed the truths you observed, what difference should it make in your life?

Prayer – Take 2 minutes and WRITE OUT A PRAYER TO GOD. This is like typing out a Facebook message or text message to God. It can be as simple as “Hey God, help me to understand this, or remember this, or live like this.” Try to talk to God about what you read. You’ll find that it makes you want to talk to Him about other things too.
