PREFACE

READY is your trusted partner for seamless logistics. Offering 3PL warehousing, container handling, and transportation across 48 states, we ensure that your freight is always ready, from storage to delivery. Our dedicated team and advanced technology guarantee efficient, reliable solutions tailored to your needs. At READY, we don't just handle logistics—we move your business forward.

HOW WE WORK

READY Warehousing & Logistics LLC is dedicated to providing comprehensive, reliable, and efficient logistics solutions. In an industry where time is of the essence and precision is key, we pride ourselves on being a partner that is always prepared to meet your business needs. With a broad range of services including 3PL warehousing, expert container handling at docks, and transportation services that span both locally and across 48 states, we ensure your logistics operations are seamless and efficient.

Our commitment is simple: your freight is our priority, and we make sure it's always ready to move forward. Whether it's securely stored in our warehouses or on the road to its destination, we handle every step with the utmost care and attention. Backed by a team of seasoned professionals and advanced logistics technology, we are equipped to deliver solutions that are timely, reliable, and tailored to your unique requirements.

At READY Warehousing & Logistics LLC, we don't just move goods—we help businesses move forward. Be READY for logistics that are smooth, dependable, and always one step ahead.

"We've relied on READY's container handling services for years. Their team is professional and efficient, ensuring every shipment goes as scheduled."

"Choosing READY as a partner ensures my shipments are always handled properly. Deliveries are never delayed, and the team's service is top-notch."

"Thanks to the READY team, every shipment arrives on time and safely. We trust their professional service."

"READY's 3PL warehousing service has greatly simplified our inventory management. From storage to order fulfillment, they always deliver on time and exceed our expectations."

Real REVIEWS

"With READY Logistics, I have complete peace of mind knowing that their efficient and seamless operations ensure my shipments are always on time. The service is incredibly reliable."

Comprehensive 3PL

Warehousing & Logistics

In today's fast-paced business landscape, no matter your industry, efficient supply chain management is critical to staying competitive. This is why partnering with a trusted third-party logistics (3PL) provider is so important. By outsourcing your logistics needs, including inventory management, order fulfillment, and shipping coordination, you gain the freedom to focus on core business activities while ensuring smooth operations.

At READY Warehousing & Logistics, we manage everything from inventory tracking to product delivery with precision and care. Our experienced team is dedicated to getting the right product to the right destination—on time, within budget, and at the highest quality standard—empowering your business to operate smoothly and efficiently. Whether you're dealing with large-scale warehousing needs or complex transportation logistics, READY is here to ensure seamless operations tailored to your business.

MESSAGE

As the founder of READY, I want to personally thank you for considering us as your logistics partner. At READY, our mission is simple: to deliver seamless, efficient, and customized supply chain solutions that drive your business forward. Whether it's warehousing, intermodal shipping, or full logistics management, we're ready to exceed your expectations. Welcome aboard!

Sincerely,

Rachel LI

Our dedicated team at READY Warehousing & Logistics is focused on delivering proactive, customized solutions to overcome any logistical challenge. By leveraging advanced technologies like Electronic Data Interchange (EDI), we ensure secure handling of goods and maintain real-time communication with rail and drayage providers. This enables efficient freight scheduling and immediate updates on unexpected delays. Additionally, we integrate **API, Geo-Fencing, and GPS tracking** to monitor all trucks, containers, and chassis continuously. To further enhance convenience, we cover all **per diem costs, including Demurrage and Detention Charges**, ensuring clients are not responsible for delays in container pick-up or return. Our goal is to provide a seamless, worry-free logistics experience that prioritizes client satisfaction at every step of the process.

By staying ahead of the latest logistics innovations and applying personalized strategies, we keep operations efficient and streamlined, allowing clients to focus on their core business while we handle the complexities of the supply chain.

TRUCK TRAILER TRANSPORTATION SERVICES

Reefer, Dry Van for Standard Loads to Oversized Hauls, We Go the Extra Mile in Truck Trailer Transportation

OUR TEAM

At READY Warehousing & Logistics, we proudly operate a local short-haul fleet serving the metropolitan areas of New York, New Jersey, Connecticut, and Pennsylvania, while our long-haul team covers comprehensive Full Truckload (FTL) and Less-than-Truckload (LTL) services across all 48 contiguous U.S. states. With over 10 years of industry experience, we optimize each route to help clients maintain an efficient freight flow and reduce costs.

Our fleet is equipped with a variety of vehicles, including 26-foot box trucks, 53-foot dry vans, 53-foot refrigerated trailers, flatbeds, and step-deck lowboys. This diverse range allows us to handle everything from standard freight to temperature-controlled goods, as well as oversized, over-width, and heavy loads. We hold dual federal and state certifications for oversized and over-height shipments.

Our fleet features the latest 2020-2025 models of Volvo, Kenworth, and Mack sleeper trucks, ensuring efficiency and reliability in every delivery. A dedicated maintenance team keeps all vehicles in peak condition to minimize breakdowns and prevent delivery delays.

Our team of drivers is highly responsible, experienced, and thoroughly trained to provide safe and reliable service. They ensure each shipment is delivered safely, on time, and with the utmost accuracy, meeting our clients' expectations.

Our experienced dispatch team ensures precise coordination for every shipment. Utilizing TMS or Motive Live real-time monitoring systems, we offer clients live shipment tracking and seamless communication between drivers and customers, ensuring timely delivery and enhanced customer satisfaction.

INTERMODAL TRANSPORTATION RAIL FREIGHT

READY offers comprehensive container intermodal freight services covering key rail hubs in New York and New Jersey, including Croxton Intermodal Terminal, Norfolk Southern Terminal, and CSX South Terminal. By combining rail and truck transportation, intermodal freight enhances cost-efficiency, reduces long-haul expenses, boosts capacity, and speeds up delivery. Intermodal solutions go beyond just cost savings—they optimize the entire logistics chain by leveraging the strengths of rail and truck transport, helping businesses conserve resources effectively.

Beyond basic packaging, warehousing, and distribution, READY has built strong partnerships with North American rail companies, enabling us to expand intermodal services across North America. We integrate rail and truck transportation to ensure optimal logistics performance, minimizing costs while maintaining fast and precise deliveries. We also offer customized solutions to meet diverse intermodal needs, from regional shipments to long-distance cross-state transportation.

By choosing READY, your business benefits from increased capacity, reliable service, and streamlined supply chain management. We focus on timely deliveries, strict cost control, and flexible scaling solutions to ensure your products are delivered smoothly and efficiently, regardless of distance. At READY, our goal is not only to manage freight but to enhance every stage of the process, helping clients stay competitive in an evolving market.

COST EFFICIENCY

By combining rail and truck transportation, we not only reduce shipping costs but also optimize cargo handling. Rail transport allows for the more economical and efficient movement of large quantities of goods, resulting in significant savings for businesses.

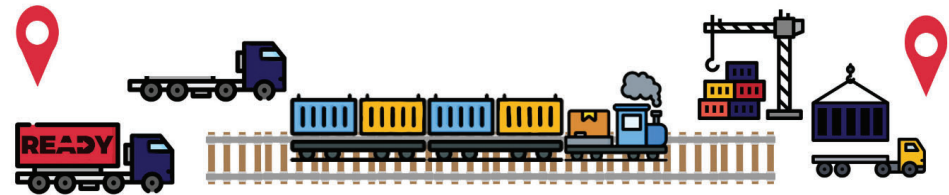

REAL-TIME TRACKING

READY offers an advanced GPS tracking system that provides real-time updates on the location of intermodal shipments. This transparency gives clients peace of mind, allowing them to monitor their cargo throughout the entire journey.

RISK MANAGEMENT

Rail transport, known for its stability, offers safer handling for fragile or high-value goods, reducing the risk of damage during long-haul transportation. READY ensures that your cargo is carefully handled at every stage of the journey.

1. Container Pick-up (Empty or Full)

READY can pick up an empty container from the origin rail ramp for loading or pick up a full container from the warehouse and return it to the rail ramp, ensuring smooth cargo handling and transport.

2. Rail Transport

The railroad moves the container from the origin rail ramp to the destination rail ramp for further processing.

3. Final Delivery (Empty or Full)

At the destination, the drayage carrier retrieves the full or empty container from the ramp and delivers it to the receiver or warehouse, completing the logistics cycle.

Operations Team: 20+ experienced professionals ensuring smooth daily operations

EXCELLENCE WITH CERTIFIED

Food and Drug Administration

READY warehouse is FDA-certified, ensuring that the storage and handling of food, pharmaceuticals, and other regulated products meet stringent safety and hygiene standards. This certification guarantees product quality and consumer safety.

Alcohol and Tobacco Tax and Trade Bureau

With ATF certification, READY is licensed to handle, store, and distribute alcohol and tobacco products in compliance with federal regulations. Our facility ensures all storage practices meet legal requirements, and our systems track inventory to support proper taxation and reporting, giving our clients confidence in regulatory adherence.

Occupational Safety and Health Administration

READY warehouse is OSHA-certified, reflecting our commitment to always maintaining a safe, compliant environment for both employees and products. We implement rigorous safety protocols that minimize the risk of workplace accidents, ensuring safe operations through proper equipment handling and hazardous materials management.

READY Warehousing "Certified for Safety, Compliance, and Excellence"

100%

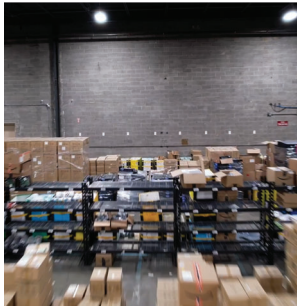

**Focused on Safety,
Every Load,
Every Time**

our certifications in FDA, ATF, and OSHA reflect our unwavering dedication to excellence in safety, compliance, and operational performance. These credentials affirm that we uphold strict regulatory standards for handling sensitive products such as pharmaceuticals, alcohol, and tobacco. Beyond regulatory compliance, we ensure our employees operate in a safe and secure environment, reducing risks at every step. By prioritizing these certifications, we provide our clients with unparalleled trust and assurance, knowing their products are managed with utmost care, professionalism, and safety.

COMPREHENSIVE WAREHOUSING SOLUTIONS AT READY

READY offers comprehensive warehousing solutions designed to meet the unique and evolving needs of our diverse client base. Our services aim not only to fulfill storage and logistics requirements but also to optimize and streamline supply chain operations for enhanced efficiency. By providing flexible, scalable, and business-specific solutions tailored to each client's unique requirements, we ensure every client's needs are uniquely addressed. Our pricing structure is based on a thorough analysis of multiple factors, including sales forecasts, volume, SKU count, pallet storage requirements, inventory turnover rates, operational and management demands, product handling needs, and any special handling requirements. Before establishing a pricing structure, it is essential to fully understand each client's specific needs. READY does not publish a standard price list, as a "one-size-fits-all" approach is rarely suitable. From startups to established brands, READY offers customizable pricing solutions to fit every stage and requirement.

3PL Warehousing Services - READY provides end-to-end solutions for our clients, including efficient storage, real-time inventory management, and order processing. Clients can focus on their core business while we handle all aspects of warehousing and distribution. Our warehouse management system allows clients to view inventory at any time, ensuring accurate tracking with transparency and peace of mind.

E-commerce Fulfillment Services - READY offers comprehensive third-party fulfillment services, including product storage, picking, packing, and shipping to ensure speed and accuracy in order processing. Our OMS supports API integration with major e-commerce platforms, making it adaptable to various business needs.

Cross-Docking Operations - Through cross-docking, we minimize warehousing time by directly transferring goods from receiving docks to outbound docks, boosting efficiency, shortening delivery times, and reducing handling costs.

Container Loading and Unloading Services - We specialize in handling bulk cargo to ensure the integrity of goods during loading and unloading. Based on product categories, we provide optimal material placement to reduce damage risk.

Transloading Services - READY focuses on transloading, enabling seamless transitions across multiple transportation modes, such as rail to truck or ship to rail. This service helps clients reduce costs and optimize logistics efficiency.

Dedicated Contract Warehousing - Once contracted, our clients can designate READY's warehouse as a registered location for platforms like Amazon and Walmart. We manage comprehensive warehousing and logistics support, including shipments, returns, relabeling, and repackaging.
