I was having this discussion
In a taxi heading downtown
Rearranging my position
On this friend of mine who had a little bit of a
breakdown
I said, "Hey, you know, breakdowns come and
breakdowns go, so
What are you going to do about it? That's what I'd like
to know"

[Chorus]

You don't feel you could love me
But I feel you could

It was in the early morning hours
When I fell into a phone call
Believing I had supernatural powers
I slammed into a brick wall
I said, "Hey, is this my problem? Is this my fault?"

If that's the way it's going to be I'm going to call the
whole thing to a halt"

[Chorus 2x]

You don't feel you could love me
But I feel you could

I was walking down the street
When I thought I heard this voice say
"Say, ain't we walking down the same street together
On the very same day?"
I said, "Hey, senorita, that's astute" I said
"Why don't we get together and call ourselves an
institute?"

[Chorus 2x]

You don't feel you could love me
But I feel you could

I was having this discussion
In a taxi heading downtown
