The chain sells both over-the-counter and prescription drugs. Other products include cosmetics, greeting cards and other common products. Listen to former employees discuss working at CVS Pharmacy:CVS Job Opportunities FirstCVS customers take care of customers and provide the best shopping experience. Employees should be friendly, helpful and knowledgeable. In addition to customer service, team members must keep stores clean and organized. No experience required by the training experience of retail can help applicants in the hiring process, but not always necessary. New staff members can expect to receive paid training and are hired after a short probationary period. Part-time, full-time, and seasonal positions are available with CVS. New workers often take weekend, evening and holiday shifts. Opportunities for AdvanceStaff members can earn promotion and seniority over time, which helps with planning and other privileges. Positions such as a change of manager and assistant manager come with pay increases, additional benefits, and even more responsibilities. CVS Positions and Pay Scale Pharmacy Network usually asks employees to have high school diplomas or GEDs. Companies may also require driver's licenses and background checks. CVS usually needs workers for the following roles: Cashier/Sales AssociateAssociates run cash registers, help stock shelves, and keep clean jobs. Employees need to interact with customers on a daily basis and work well in a team atmosphere. CVS sales of associate wages start around the minimum wage, while some previous experience may increase the starting salary. Read the CVS cashier's job description to learn more about the position. TechnicianHourly Pharmacy Pay starts at about \$9.00.Workers answer questions about medications and must undergo a thorough training program before they can work with prescriptions. Technology should follow federal rules and be careful with patient information. Take a look at CVS pharmacy technician description ManagementManagers monitor employees as well as file documents, hand out tasks, and talk to customers. Other responsibilities include working with suppliers and communicating with the district administration. Employees in managerial positions usually need additional experience and schooling to qualify. CVS executives' annual salaries may start to begin \$30,000-\$50,000. For more useful information, read the job description of the CVS manager. Tips for applying applicants should be applied online or in person. To make a good first impression, job applicants must wear good clothes when surrendering in applications. Be prepared for on-site interviews by preparing questions about the work. Remember to be polite, and show genuine interest in working at CVS. Status app For follow-up, candidates must call, email, or talk to managers in person. Recruitment often overlooks candidates who do not contact them. When you submit an application online, check profiles to receive updates on current hiring status. The application process usually takes from a few weeks as long as a month. Benefits of working at CVS Work Benefits for CVS staff include health, dental and vision coverage, as well as free medical check-ups and immunizations. Employees may also have access to 401 (k) retirement plans, paid leave, and stock purchase programs. Some employees even receive performance-based bonuses. For more information on CVS In September 2014, CVS became the first national pharmacy chain to remove tobacco products from its shelves. The move is part of a health initiative aimed at promoting health and well-being in response to the profits from tobacco sales. A year later, total cigarette sales on the market fell by one percent in 13 states. The company also reported that sales of nicotine patches increased by four percent. What does a CVS cashier do? Typical CVS cashier duties include promotions, customer service, and sales responsibilities. In general, the main functions of cashiers working in the pharmacy network include ringing purchases, processing payments, processing customer problems and answering questions about products, policies and services. Physical requirements and schedulingCashiers use computerized machine sales points to process payments and close transactions. Bending, minor lifting, and standing on foot for long periods of time prove to be commonplace for the average working day. During slow hours, cashiers can help sales and warehouse employees perform day-to-day tasks. Most cashiers work part-time in online pharmacies, with full-time opportunities sometimes possible for longtime employees. Salary and compensation How much do they pay? The average initial payment rate for CVS cashiers is \$9.00 per hour. Additional compensation exists in the form of discounts on products and services, flexible planning options, and the potential for growth in management careers that boast employment benefit packages involving holidays vacations, insurance plans and health insurance, and 401 (k) plans. Specific work benefits and eligibility requirements may vary depending on location. Pharmacy cashier: I was a cashier. But I was open to other things like stocking and cleaning and the like. Interviewer: What was the work environment like? CVS Pharmacy Cashier: It was actually great. I worked on one in Shaker Square, so the environment was good. Where it was easy to get to transport. Everyone was mostly friendly. There were older people. It was a nice setting, quiet. Interviewer: Please describe the application and interview process. CVS Pharmacy Cashier: The app was pretty simple. It was online and they also gave you a math test and a test score just to see where your mentality was at. Interviewer: What questions does the interviewer ask during the interview? C. CVS: Some questions related to how you work under pressure? What would you do if you saw another employee stealing? Key questions. If a client came to you with a bad attitude, what would you do? Where would you send them? Would you pounce on them, or could you take it? Such questions. Reporter: How were you notified that you got the job? CVS Pharmacy Cashier: They have phone and email. It won't take them long. It took them about two weeks. I put pressure on them and they were happy with what I did. Interviewer: What sets you apart from the other candidates? CVS Pharmacy Cashier: Because I had previous experience, not in the field of cashier, but I work in different nursing homes. So I had good customer service with different age groups of people. Interviewer: What other advice would you give to a job seeker who wants a job? CVS Pharmacy Cashier: Come in with a smile. Go in knowing what you want, and a good resume, a good attitude. CVS Pharmacy Cashier Interview Video By TranscriptInterviewer: Please describe your work name and core duties. CVS Pharmacy Cashier: I was a cashier and stock man, basically. If we hadn't worked on the counter, we'd be stocking shelves and getting all that stuff squared away. Interviewer: What's your favorite part about working there? CVS Pharmacy Cashier: At CVS, my favorite part about work was probably you knew what you were doing every day. You weren't very busy; You basically stock shelves, ring customers out. He wasn't busy. Interviewer: Please describe a typical day as an employee. CVS Pharmacy Cashier: Pretty much, you got in at about eight in the morning. There are big boxes of things and you just stock up on these boxes. Interviewer: How would you describe the application and interview process? CVS Pharmacy Cashier: It's pretty intense, actually. They have an interview of two x. They check everything and then they're up against you. Interviewer: What questions does the interviewer ask during the interview? CVS Pharmacy Cashier: They basically just wanted to know my previous experience with customer interaction, had any stock experience, but I had the opportunity to do so. Interviewer: What sets you apart from the other candidates? CVS Pharmacy Cashier: I think I was more energetic during the interview. I informed them that I was hardworking, that I would be there every day and I let them know that I wanted a job. I didn't just go through the steps. Interviewer: What other advice would you give to a job seeker who wants a job? CVS Pharmacy Cashier: Pretty much, make sure your schedule... Let them know your weekend in advance. And make sure you follow the schedule that you are there every day on time and do what you have to do. CVS Cashier Interview Video By TranscriptInterviewer: Please describe your work name and core duties. CVS Cashier: Working at CVS, I was a cashier, so pretty much I had people's money and bags of items. In the meantime, I also stock items on shelves and cleaned and vacuumed. Interviewer: What's your favorite part about working there? CVS Cashier: My favorite part is probably the discount as well as I worked in my area, so every once in a while I could see someone I know. Interviewer: How would you describe the application and interview process? CVS Cashier: Pretty easy. I filled it out online and for an interview, it was one interview, and then he told me that I have a job. Interviewer: What questions does the interviewer ask during the interview? CVS Cashier: What other work have I done before, situational issues like, what would you do in this situation? And how would you show customer service.
