In: Capella groups, Small Characters Edit Comments Share Sockapellas are another a cappella group that have made it to the ICCA Regional, since their name suggests that they use sock dolls while they sing. For this they derided fat Amy and Aubrey thinks they are laughing sock, while Beca defends them by saying that at least they are different. For their performance they sang Lily Allen's song F'ck You. Despite their enthusiasm and unique style they didn't qualify for the next round as they were barely beaten by Barden Bellas earning them third place, while it was announced that they could be seen standing behind Bellas and while some of the members were proud of their lead singer position, obviously not happy at last. After the regional they saw the backstage of the Karolinska University Center for the Performing Arts and considered the fight between the Trebles and the Tonehangers, they didn't show up again for the rest of the film.
