Я ищу, где скачать прошивку для 50Hyundai Smart TV Модель: HYLED501INT Модель Motherboard: TP. MS608. The P82 computer does not respond to ons and remains on the static StandBy button. I was advised to try the EEPROM landfill, by reinstalling the firmware, but didn't get where to download this model for TV. Someone who knows or knows about the link where I can download it, I would appreciate it. Appreciate. firmware tv hyundai hyled 501int. descargar firmware tv hyundai hyled501int
