Journey to Star Wars: The Force Awakens of the Lost Stars (2015) This gripping novel by young adults gives readers a macro view of some of the most important events in the Star Wars universe, from the rise of the Rebellion to the Fall of the Empire. Readers will experience these important moments through the eyes of two childhood friends - Siena Rina Yi and Tena Goodell, who grew up to become an imperial officer and rebel pilot. Now on opposite sides of the war, will these two stars have crossed lovers to reunite, or is it a duty to tear them and the galaxies apart? Star Wars: The Lost Stars also includes all-new post-Star Wars: Return of the Jedi content, as well as hints and hints about the upcoming Star Wars: The Force Awakens movie, making it a must-read for all Star Wars fans. Available for purchase from... Amazon Barnes and Noble Indie Bound Bloodline (2016) From the New York Times author of the bestselling Star Wars: The Lost Stars comes a thrilling prequel to Star Wars: The Force Awakens, set about six years before the film's events. WITNESS BIRTH OF THE RESISTANCE When the Rebellion defeated the Empire in the sky over Endor, Leia Organa believed that this was the beginning of lasting peace. But after decades of brutal struggle and partisan gridlock in the New Republic Senate, that hope seems a distant memory. Now a respected senator, Leia must fight the dangers that threaten to damage young democracy both inside and on the other side. Underground kingpins, treacherous politicians and imperial loyalists wreak havoc on the galaxy. Desperate to take action, senators are calling for the election of the first senator. They hope that this influential post will bring strong leadership to a divided galaxy. As the daughter of Darth Vader, Leia is incredulous about the prospect that someone will have such an influential position, even when supporters offer Leia the job. But a new enemy can make this path the only option of Leia. For a mysterious threat is growing on the edges of the galaxy... Available for purchase from... Amazon Barnes and Leia's noble indie frontier: Princess Alderaana (2017) Explore the beginning of Leia's involvement in the Uprising and the origins of her friendship with Amilin Holdo of the Last Jedi! Sixteen-year-old Princess Leia Organa faces the most difficult task of her life so far: to prove herself in the realm of body, mind and heart to be officially named heir to the throne of Alderaan. She runs rigorous survival courses, practices politics and leads missions to assist in the worlds under imperial control. But Leia isn't just worried about her claim to the crown. Her parents, Breha and Bale, have not behaved like themselves lately; they are far and concerned, seemingly more concerned about throwing dinner parties for their allies in the Senate than they are with their own Determined by Defined Reveal the secrets of her parents, Leia begins an increasingly dangerous path that puts her right under the watchful eye of the empire. And when Leia discovers that her parents and their allies are planning behind closed doors, she finds herself facing what seems like an impossible choice: to devote herself to the people of Alderaan (including the person she loves) or the galaxy as a whole, which desperately needs a rebel hero ... Available for purchase from... Amazon Barnes and the noble indie-related master and apprentice (2019) Jedi must be a fearless warrior, guardian of justice and scholar on the ways of the Force. But perhaps the most important duty of the Jedi is to convey what they have learned. Master Yoda taught Dooku; Dooku was coached by Kwai-Gon Jinn; and now Wee-Gon has his own Padawan. But while Kwai-Gon faced all sorts of threats and dangers like a Jedi, nothing ever frightened him like the thought of his disciple's failure. Obi-Wan Kenobi deeply respects his Master, but struggles to understand him. Why is Kwai-Gon so often neglecting the laws that bind the Jedi? Why does Kwai-Gon turn to the ancient prophecies of the Jedi rather than more practical problems? And why wasn't Obi-Wan told that Kwai-Gon was considering an invitation to join the Jedi Council knowing that it would mean the end of their partnership? The simple answer scares him: Obi-Wan let his Master down. When Jedi Rael Aveross, another former disciple of Dooku, asks for their help in a political dispute, Jinn and Kenobi go to the royal court of Pajala to be their last mission together. What should be a simple task is quickly clouded by the deception and visions of a violent catastrophe that take hold of the mind of Kwai-Gon. As Kwai-Gon's faith in prophecy grows, Obi-Wan's faith in him is tested , just like the surface of a threat that will require the Master and the disciple to come together like never before, or be separated forever. Available for purchase from... Amazon Barnes and the Noble Indie-Related Star Wars High Republic: In the Dark (2020) Young Adult Novel set during the High Republic. Available for purchase from... Amazon Barnes and noble praise for Claudia Gray's star Wars novels Here's a Step: Rebel and Imperial Fall in Love amid the entire Star Wars trilogy. Sounds like a winner, doesn't it? This is. and io9 Simply put, if you like Star Wars, then you can't go wrong with Lost Stars... Is this the best novel in the Star Wars universe? Maybe so. SIGNAL SF ... one of the best Star Wars books I've ever read... IGN Writing new characters in such a beloved universe is no small feat, but Gray does it with ease and I loved every moment of this novel. Kirkus Reviews ... raw, thought-provoking, and unlike any other Star Wars story... Grey crafts are well written, narrative that that Appeal to Star Wars fans of all ages. The New York Daily News can't be missed . . . The tense politics of Bloodline, the bright new characters, and the beautifully characterized Leia make it feel as central to the Star Wars universe as one of the movies. - Tor.com Select ... By: Claudia Gray Po: Claudia Gray Po: Alexandra Bracken Po: Emma Theriault Po: Marie Mancusi Po: Brittany Rubiano, Erin Simring Book Claudia Gray For Other Uses Lost Stars, see Lost Star (disambiguation), Star Wars: The Lost Stars author Claudia Gray Cover artist Phil Noto Country United States Language English Series Journey to Star Wars: The Force Awakens Pgen Rook Fiction Publisher Disney Lucasfilm Date Press Publication September 4, 2015 Media type Print (hardcover) Pages 551 ISBN 978-1-484-72498-9 Star Wars: The Lost Stars 2015 young adult sci-fi novel by Claudia Gray, which is set in the Star Wars galaxy. The novel depicts a narrative set before, during and after the events of Star Wars, The Empire Strikes Back and Return of the Jedi, in which the Galactic Empire has tightened its suffocating position on systems in the Outer Rim, and the Rebel Alliance is also growing in force. The plot of The Aristocratic Thane Kynrell and the rural ciena Ree reside on the outer ring planet Jelucan, where the two bond over their common love flying and interest in enrolling at the Imperial Academy to become TIE fighter pilots. During their admission to the Imperial Academy, they always led classes and were good friends until The Hene's laser gun project was sabotaged by the Academy itself, which framed Sienna for this purpose. As a result, both did not complete

the task and lost first places in the class. When the theory emerged that the Academy itself had framed Sienna to sabotage the Hene project, Hene and Siena disagreed as to whether the Academy could do this to them. The relationship between Hani and Siena was sabotaged and remained so until the end of the academy, where they reconciled during the graduation ceremony. After graduating from Sienna University, she was appointed to The Star Destroyer of Darth Vader, while Hene was appointed Death Star TIE pilot. Both Tana and Siena watched as Alderaan was destroyed by the Death Star. Both survived the destruction of the Death Star because Hayne was on a mission to explore the Rebel base in Dantooine, and Siena was aboard the Star Destroyer. After the destruction of the Death Star, Siena was reunited with Hahne on her Star Destroyer. However, Tyuhn later left the Empire after seeing The enslavement of Bodahi on Kerev Doi. After deserting the Empire, Han went to Jelukan, and Siena found him here, trying to convince him to return to the Empire, but he refused. Wedge Antillis enlisted Hene in the Rebel Alliance, and later, after the Battle of Hoth, Siena realized from his flying style that Hene had joined the Rebellion. This raises a dilemma in Siena, as it still has a sense of loyalty to the Galactic Empire. Later, Siena's mother in Jelukan was accused of embezzlement, and Siena took time off to support her mother along with her father. No one else came to support them as their tradition expected, except, to her surprise, Thane. After the trial, they broke up and didn't meet again until Hayne's team was sent to the place of the Second Death Star to gather intelligence. After the destruction of the Second Death Star, Sienna was seriously injured and was on sick leave for a long time. When she returned to service, she was promoted to captain and appointed Star Destroyer for command. During the Battle of Jakku, Hayne's team was tasked with infiltrating and capturing the Star Destroyer. When Siena realized that the ship had infiltrated, she ordered the ship to leave, intending to collide with the ship on the planet Jakku, making sure that the ship did not fall into the hands of the New Republic. At this time, Thane confronted Ciena on the ship's bridge. They fought hard, although Hyun won and saved both his lives. Eventually, Siena was detained as a prisoner of war, and later, when Ton visited her, he was sure that she would be released soon.
