2023 Year End Exhibition Prize Giving

We're thrilled to congratulate all our talented students who received their personalized prizes for participating in the 2023 Year-end Art Exhibition! This exhibition showcased the incredible work our students have produced over the past year.

Each participant received not just one, but two prizes: a photo stand and a notebook adorned with their masterpiece. Some lucky artists even received a puzzle featuring their artwork! These prizes hold special significance, serving as cherished mementos of their artistic journey for years to come.

We eagerly anticipate the participation of even more students in the upcoming 2024 Year-End Exhibition.

Congratulations to Students Who Received the Results of their 2023 October International Grading Examination

We're delighted to announce the release of the results for the 2023 Global Art International Grading Examination! We're proud to report that all our students achieved at least a high "B" grade," with many earning the coveted "A" grade.

This examination serves as a valuable educational tool, providing insight into our students' progress and identifying areas for further improvement. It's worth noting that only a select few art schools have the capability to conduct such prestigious international grading examinations.

Art History Lessons

Our monthly art history lessons continue to be the cornerstone of the Global Art curriculum. These engaging lessons introduce students to renowned artists and diverse artistic styles in a fun and interactive manner, enriching their understanding of art history. Our theme for 2024 is Art in Transit. Students will be introduced to art in our MRT stations. We will cover more details in our next issue.

Art Activities in February

Our art lessons offer more than just artistic skill-building; they provide opportunities for cultural exploration and celebration. In January, students immersed themselves in crafting activities to mark Chinese New Year festivities, while February saw them creating heartfelt crafts to celebrate Valentine's Day.

Congratulations to Hafsah. Hafsah's Acrylic Artwork Was Selected by Global Art Singapore as the Masterpiece of the Week in February 2024
