Nation newspaper barbados job vacancies

The advertising department has been in existence since national publicization was created in 1973. The primary purpose of this sector is to work with customers and help them find the best ways to promote and sell their products and services. Through a well-trained team of sales professionals. The country's advertising sector can handle all the requirements of advertiser rate quotations, booking advertisements, to increase advertising costs, monitor advertising campaigns, and also provide advice on creating and copying artwork for ads. The advertising department is divided into 5 key areas: This part of the advertising team includes sales executives who work directly with customers. From first contact, they work with other special publications developed by the nation's publications such as The Country Newspaper and better health magazines etc. to develop a knowledge of each client business and publicize them with their help. Rating supprating is classified: rating consultants who handle ads for the newspaper's traditional ranking pages, but are not limited to family notices, auto guide, real estate, sales and spaces.
