

At a very young age, Joanna Caputi, aka Ms. JoJo, developed a passion for performing. That passion soon began to include the joy of teaching dance and spreading her love of dance to many others. She uses many techniques taught by her former teachers and mentors from dance studios in the area. JoJo achieved vast success with her own dancing and is a sought-after choreographer in the DMV area. JoJo and dancers that she has taught have achieved the highest accolades, various levels of scholarships, and awards over the past 20 years at regional and national competitions. These dancers have gone on to perform for Caribbean Cruise Lines, Radio City Music Hall, Debbie Allen, and more! Equally important, the world of dance introduced Joanna to many of her lifelong friends, like Laura and Shannon, who inspire her to share her passion with others.
