

Kayla dedicated her entire life and heart to dance for 14 years. Her mom says she even danced in her belly! Her very first dance class was at Brewton Dance Studio in Brewton, Alabama when she was 3 years old while her dad was deployed. This was an opportunity to distract her and have fun, but that distraction soon became a passion. She would later become part of the company team at Dance Depot in Waldorf, Maryland where she trained in Tap, Jazz, Hip Hop, Lyrical, Contemporary, Cecchetti ballet and Pointe. Dance became her therapy in which she could express herself and be surrounded by family created through the shared love of dance. Dance will forever be a way of life for her and she is so excited to spread her knowledge and passion with every dancer God sends her way at B Funk!!!
