# THE HALLOWEEN DINNER PARTY

## Halloween

BY J. FLOYD

Halloween is one of our favorite holidays of the year. Unlike some religious holidays or Hallmark card holidays, no one is excluded. There isn't any worrying about what not to say or do, except maybe, what to wear. It's an occasion that brings together all people, of all ages for good, imaginative fun. Party with your neighbors, eat as much candy as you'd like, dress up and over the top decorations are expected. There's nothing else like it!

## *The Halloween Dinner Party cont.*

The past few years, I've hosted a small, adults-only Halloween dinner. Small because I like to spend quality time with each guest. Adults only because this is for me too. And dinner because nothing initiates great conversation like delicious, thematic food paired with wine and cocktails. We invite everyone to dress the part and book appointments with StydLife hair, makeup and fashion stylists for costume help. Check out my list of Themes.
