"Awareness is the first step towards prevention"

Dengue awareness programme, Khanapur Village

News Bulletin

Students of Shivneri Institute of Pharmacy visited Khanapur village for Dengue awareness programme on 23rd Aug. 2017 in afternoon session.

Around 100 students were divided into 10 groups. Each group of students were coordinated by one teaching or non-teaching staff member.

Every group visited around 10-15 houses of village.

Students interacted with household peoples, provided them information about dengue fever, its symptoms, home remedied, most common medicines etc.

Apart from dengue they were also instructed about precautions to be taken to prevent malaria, cough-cold, malnutrition diseases, typhoid, TB, pneumonia etc.

Students conducted rally in main street and chowk of village. Upsarpanch of Khanapur village Mr. Bhagat B.L. appreciated the work of Shivneri institute of Pharmacy and gave certificate of appreciation.

Entrepreneurship Development Programme by Rajdendra Jundare, (Ex. resident of Junnar-Ambegaon Pune medical store associations) on 12th Sept. 2017
