DJ Biography

In the United Kingdom, Shawn (aka K. Pharaoh) performed at various clubs and soirees across the land. 1998 saw a fantastic warm-up set for London KISS FM's Bobby and Steve (Garage City/Soul Heaven). Later his talents brought him to the Ministry of Sounds' 'Baby Box' to perform an extensive opening set for DJ/producers Dan Smith & Conan Manchester (Liquid People/Defected). He's also had a one-hour mix aired on the east of England's top regional radio station (VIBE FM) underground music program 'Vinyl Decadance'. In 2002 he performed on stage at the Street Parade in Zurich, Switzerland and has since premiered as headline DJ for the inaugural Snow Parade held in the Swiss Alps in March 2003. Both nationally live televised events. In 2004 he performed in Lyon, France with return engagements throughout the city's most exclusive clubs, as well as a set in Turnmills, London. 2005 saw the opening of his current weekly event, Radio Flair, in Cambridge. He's toured through Croatia and Slovenia as well as performed live mixes for two top radio programs as well as a country-wide live television appearance and interview.

Shawn's talents have put him in contact with promoters in Mauritius, Sweden, Argentina, India, and Italy. In Salt Lake City, USA and had guest appearances for 'I Love Ibiza', a big night in the region drawing the likes of Roger Sanchez, Jamie Lewis, DJ Disciple, Willie Graff, the Groove Junkies and more. K also maintained a Saturday night residency at the city's most exclusive bar...the 'Mynt Martini'. Here, he also promoted/played his Saturday night 'Metro-Stereo' monthly residency at the W Lounge in the heart of downtown SLC with DJ partner Danny Dance 'dancetisafeeling.com'. All this in addition to paying regular visits back to the UK for one-off events.

In Washington, D.C. he became the first ever DJ to perform the Reading Room of the Library of Congress, the nation's Library, in a celebration of Gloria Gaynor's 'I Will Survive' into the National Archives, complete with live performances by the songstress herself. Later he supported world class DJ and producer J. Paul Getto (FOGBANK) for 'DEEPTech presents' with appearances across the city while holding a residency at the renown BaBa Bar. Currently, Shawn is building his own radio project 'ModernDisco.FM' which aims at showcasing new music and producers who share his uniquely chic electronic sound. Stay tuned for "MODERN DISCO" events across 2019.
