A true network survival game to not only surviving from animal hunting for food, but also from fighting other wolf species for your own species' survival. Wolf Online is the best online animal game followed by the Life of Wolf series, reaching 5 million downloads around the world. We're now waiting for you, the best wolf warrior, to join the fight. [Game

Theme] The wolves' hunt for survival and prosperity began. You can pick one wolf from Mountain Wolf, Snow Wolf and Wild Wolf and participate in hunting as a member of one of these suits. To survive in a dangerous, rough hunting environment, you need to endlessly hunt animals and master your own skills. Also, you can only grow faster if you win in the fighting among the wolf species and gain confidence from your own wolf pack. In the hunting grounds distinguished by 6 characters, there are planting animals such as rabbits, deer and giraffes, but there are also many other frightening animals and wild animals such as tigers, lions and rhinos that can threaten and attack you. When you meet samples of legends, you should ask for help from your wolf colleagues because they will make your strong teeth and sharp claws useless. Your colleagues will come to you right after hearing your cry. If you're ready and everyone is set, let's leave it to the hunting grounds of the wolves. [Characteristics of species] Mountain Wolf : Living in Stone Mountain, rough and dangerous mountainous territory, the Mountain Wolf has the most balanced capabilities among the three species. Snow Wolf : The Snow Wolf, which lives in Snowstorm covered in cold ice and snow, is the species with the fastest speed and the best agility when hunting prey. Wild Wolf: The Wild Wolf, who settled in Wild Land of Living and Breathing Souls of Ancient Animals, is notorious for being the most brutal and aggressive from all three species.
