Village Kids
HOME BASED CARE AND EDUCATION

Kia ora, my name is Katherine and I am a qualified Early Childhood teacher offering home-based education in Tahunanui. I have 12+ years of experience in ECE with a Bachelor's Degree in Early Childhood Education and a current First Aid Certificate.

Children are my passion and they inspire me, from my own daughters to each and every child I meet. I believe that children learn through doing, making a mess, trial and error and leading their own learning. I enjoy taking the time to observe a child's interest and provide opportunities for them to extend their understanding of the wider world through play, experimentation and new experiences.

I offer a full and exciting programme, which includes regular gym, music and nature play sessions, as well as exploring our wider community. I am passionate about early childhood education and strive to ensure I provide an environment where children are valued, respected and have the time and space to be children, all the while learning valuable life skills.

If you are looking for a warm, caring environment where children are encouraged to grow and learn in their own time, please get in touch 0212957234
