

# Real Estate Technology Resources

## Video

**Bonjoro**- Personal one-on-one video messaging. It is super simple! Install the app, create an account, and send messages to your clients.

You can record anywhere, anytime with 35+ integrations. Some users have experienced a 70% open rate and 30% for email which is incredible! Then there is speed. It is so fast! Custom attributes right inside the app and built-in chat in the app as well. You can also send a video to a small group of contacts. You can even see who watched your videos.

Pricing: Ranging from FREE to \$79 per seat

Here's the link: <https://bit.ly/personalvideos>

## Electronic Signing

**DocuSign**- 25X faster turnaround time on agreements.

Efficient. 82% of documents sent for signature are completed in one day.

Great for real estate forms and agreements, transaction management, and brokerage operations.

eNotary

Pricing: Starting at \$10 per month per user- annually
