Ego and Self and Destiny

A paper by Rix Weaver

A discussion on the paper
with Vivien Bainbridge, Brittain Garrett
and Susan Thorman

Rix Weaver presented the paper *Ego and Self and Destiny* in Karnak in 1981. She regularly lectured here at the resort created by the acclaimed actress Diane Cilento in Douglasshire, far north Queensland. Rix and Diane shared a love of the sufi mystic Ibn al Arabi.

In this paper Rix weaves together the individuation process and the mysteries of quantum physics, Alchemy and Spiritual Development, Time and Destiny. It crackles with life and meaning, and is a joy to read.

She says;

The Self cannot fit into the ego. But the ego can expand toward awareness of the Self. This growth is a sacred undertaking, a religious journey...

And;

God's reality is known in the heart. It is the flip as it were from head to heart that gives the knowledge of the irrefutable truth.

And;

When we come to destiny that is inherent in the Self/ego Oneness, we come to a more difficult concept for it includes time...a non-spatial, transpatial, ordering.

This fabulous paper is on our website in the section under resources in the Blog. Have a look if you wish, and then join us as Jungian Analysts Vivien Bainbridge, Brittain Garrett and Clinical Psychologist Susan Thorman discuss the paper and some of its major ideas.
