TitleEthics for Behavioral Analysts, Third EditionEdition3Author(s)John Bailey, Mary BurchYear's Publication2016PublishingRoutledgeCity's PublicationLondon, EnglandISBNISBN9781138949201 Ethics for Behavior Analysts, third edition by Bailey Burch is another winner. It covers all the essential elements of ethics in an accessible and comprehensive way. With valuable new chapters, the most substantive information, and many examples of cases that make it easier to access problem solving on issues of health, this book is a valuable resource. Students and behavioral analysis professionals should keep it handy. Raymond G. Miltenberger, PhD, BCBA-D, Professor, University of South Florida. The third edition of Ethics for Behavioral Analysts is a must-read for students of behavioral analysis and experienced professionals alike. It builds on the huge success of previous releases with the inclusion of Der Bailey's seven-step model for solving complex cases and new case studies aligned to the BACB Professional and Ethical Compliance Code. It will continue to be a key component of my graduate ethics classes. --Rosemary Kandilac, PhD, C.Psych., BCBA-D., Associate Professor, Center for Applied Disability Brook University, St. Catharines, Ontario, Canada. This book is the go-to ethics book for our field of applied behavior analysis. Bailey and Burch handle the ethics universe with a perfect touch. From official presentation of ethics requirements, to real examples that all readers will address, this book will raise awareness of ethics and ethics, raising the chances that the clients we serve will be treated humanely and safely. Thomas, PhD, BCBA-D, Institute for Behavioral Studies, Endicott College. Bailey and Burch bring clarity to the BACB professional and ethics compliance code through compelling discussion of each element and consideration of the many issues facing actual behavioral analysts. Practitioners of all levels will find valuable insight from many examples of real ethical dilemmas. Dorothea S. Lerman, PhD, BCBA-D, University of Houston, Clearly Lake. What a great new edition... There's enough new content to make it feel like a 'new' reading, even for those who've read previous editions. At the same time, this edition remains true to the familiar voice that storyteller Bailey and Burch use to make ethics compelling to those, new and old in the field. Navigating the field and the many ethical dilemmas faced by practitioners can be very isolating, and having text Bailey and Burch helps alleviate that when you realize that there are behavioral analysts out there asking questions, thinking, and solving some of these dilemmas for you. Thanks Bailey and Burch, can't wait for the next edition! --Myra-Jade Lui, BCBA Ethics for Textbook Analysts Behavior | Buy Textbooks | Textbooks for the Arts and Humanities | Ethics in Psychology Textbooks Summary Author Bio-Table of Contents Digital Rights
