[Verse 1]

We were as one, babe
For a moment in time
And it seemed everlasting
That you would always be mine
Now you want to be free
So I'll let you fly
'Cause I know in my heart, babe
Our love will never **die**, no

[Chorus]

You'll always be a part of me
I'm part of you indefinitely
Boy, don't you know you can't escape me?
Ooh, darling, 'cause you'll always be my baby
And we'll linger on
Time can't erase a feeling this strong
No way you're never gonna shake me
Ooh, darling, 'cause you'll always be my baby

[Verse 2]

I ain't gonna cry, no
And I won't beg you to stay
If you're determined to leave, boy
I will not stand in your way
But inevitably
You'll be back again
'Cause you know in your heart, babe
Our love will never end, no

[Chorus]

You'll always be a part of me
I'm part of you indefinitely
Boy, don't you know you can't escape me?
Ooh, darling, 'cause you'll always be my baby
And we'll linger on
Time can't erase a feeling this strong
No way you're never gonna shake me
Ooh, darling, 'cause you'll always be my baby

[Bridge]

I know that you'll be back, boy
When your days and your nights get a little bit colder,
oh

I know that you'll be right back, baby
Oh, baby, believe me, it's only a matter of time, time

[Chorus]

You'll always be a part of me

I'm part of you indefinitely

Boy, don't you know you can't escape me?

Ooh, darling, 'cause you'll always be my baby

And we'll linger on (And we will linger on and on)

Time can't erase a feeling this strong

No way you're never gonna shake me (Ooh baby)

Ooh, darling, 'cause you'll always be my baby

You'll always be a part of me

I'm part of you indefinitely

Boy, don't you know you can't escape me?

Ooh, darling, 'cause you'll always be my baby

(You and I) And we'll linger on

Time can't erase a feeling this strong (You and I)

No way you're never going to shake me (you and I)

Ooh, darling, 'cause you'll always be my baby

[Outro]

You and I will always be

No way you're never gonna shake me

No way you're never gonna shake me

You and I - we'll always be
