

SUNDAY, MAY 15, 2022 PSYCHIC CLASS – LEVEL I

“Developing Your Personal Intuition”

Ever had a hunch that proved correct about your children, your pet, your job, your family, and other relationships or situations? Had powerful dreams that you can still recall years later? Ever gotten certain feelings or “vibes” about someone upon first meeting them that proved accurate? Want to raise your consciousness and re-affirm your spirituality?

If so, then this is the class for you! Prerequisites require only an open mind and an appreciation of the beauty for all things seen and unseen. Please note this is an all-day commitment. Participants will experience a guided meditation, and will be given the opportunity to practice applying their new-found gifts and talents under William Stillman's mentorship. **BY DAY'S END, YOU WILL BE PSYCHIC!**
