MYCOCOZ • IN ACTION

RAJ OSWAL

TEDx SPEAKER • FOUNDER & CEO, MYCOCOZ
AI LITERACY • STORYTELLING • DISRUPTIVE INNOVATION

Making AI human through story, experience, and inclusive design.

SPEAKER PROFILE

Raj Oswal is a technology entrepreneur and founder and CEO of MyCocoZ, a San Diego-based AI literacy and experiential learning company. Across a 25-year career, he has led business development for U.S. startups and built disruptive-innovation initiatives on the ground in China and India. A TEDx speaker and USPTO patent holder, Raj now helps audiences understand AI through something deeply human: the stories and lived experiences they already possess.

SIGNATURE TALKS

01 From Silicon Valley to AI Literacy

Lessons from two decades of building, adapting, and leading through disruption.

02 Storytelling as the Bridge

How narrative turns AI from an intimidating tool into an accessible creative partner.

03 Aging Forward

A human-centered approach to making emerging technology relevant for older adults.
