

STREETS AHEAD

Bringing your **SOCIAL** media to life

Social Media Training- How I work with you

We have a free, informal 30 minutes chat (via phone or Zoom) to discuss working together.

If you would like to go ahead with the training, we then agree how many platforms you would like training on (Facebook, Twitter, LinkedIn) and what training you require on each platform.

The payment of £1,485 (3 platforms) | £990 (2 platforms) | £495 (1 platform) is made upfront before the training day is created.

1 working day is spent tailoring a social media training session specifically for your organisation.

I then deliver the social media training for you and your team (up to 8 members). Training on each platform will take 1 hour (maximum) to go through.

I then check in with you 1 month later to review progress of the training and take any further, outstanding questions you may have.
