Melbourne has been hailed as Australia's most liveable city, and the finding has been included in a survey to find the best cities in the world. Key points: Melbourne was named the most liveable city in a new survey Melbourne was named the most liveable city in a new survey The study was created by the Economist Intelligence Unit The study was created by the Economist Intelligence Unit Victorian and federal politicians will now join a panel of judges to determine the winner Melbourne was named as the most liveable city in a survey published today by the Economist Intelligence Unit (EIU). In Sydney, the Australian city was ranked second, but only has a 4.8-point margin over Melbourne, which was well ahead of third-placed Adelaide. The top five was completed by Vienna, Copenhagen, San Francisco and Zurich. The study was created by the EIU and comprised a survey of more than 150,000 people across 30 cities. One of the most noticeable features was the high level of satisfaction with life. Melbourne and Adelaide were well ahead of Sydney in the satisfaction with life index. ( ABC News: Nick Haggarty ) Overall, Melbourne was rated as the world's most liveable city, followed by Adelaide, Zurich, Vienna, 520fdb1ae7
