Olympic queen mattress pad

Olympic Queen mattress Tampon The Olympic Queen mattress pad is one of the most popular mattress pads in bed linen, etc. That's why it can be hard for you to buy an Olympic cork from your local department store. Mattress pads are great for your beds. They offer additional protection for your expensive mattresses from spills and tears. They help to prevent stains that can destroy the mattress warranty. Experts also believe that a good quality mattress swab can prolong the life of your mattress, and is a great idea, especially when you buy an expensive, high-end mattress. Olympic queen mattress pads are made of 100 cotton. Unlike thick mattress pads that offer extra comfort and support on your back, cotton pads are thin. They are hypoallergenic, as well as help to keep allergens away from the mattress. All mattress pads in bed linen, etc. are machine washable and can work well with any bed that is up to 22 inches deep. The Olympic queen mattress pad in bed linen etc is six inches wider than the traditional queen mattress pad. It measures about 66 inches in width and 80 inches in length. It fits firmly on your bed and does not fit or slide at night. It comes with an extra layer of padding to give you a little comfort on the back. The product is fully designed and manufactured in the USA and reflects high quality raw materials and workmanship. Pads are provided with easy maintenance instructions. Just wash it and dry it. You don't have to iron it. The pad will automatically keep its shape. In bed linen, etc., we work hard to preserve the quality of our Olympic pad queen. All products are competitively priced. We also believe in offering exceptional customer service. Our knowledgeable representatives are available to answer all your questions. We can also help you choose the right mattress pad if your bed or mattress is of unusual size. Be sure to check out the full selection of Olympic Queen beds to greet you with a new mattress mat.
