Asa prepware activation codes

You are about to download and install a new version of Prepware. Please note that if you already have a recent version of Prepware installed, any activation codes no longer eligible for updates will be removed from your Prepware software and you will lose access to that question database when you install this version. Your code expiration dates can be viewed by going to the activations page within the installed Prepware software. Go to Help>Enter Activation Codes or on a Mac is Prepware>Enter Activation Codes. Expiration dates will be listed in the Updates To column next to the activation code. Each activation code is valid for a period of 24 months from the date of code registration. To regain access to the test question database associated with an expired code, you will have to purchase a new code. Installation instructions Click on the file below. After the download is complete, go to your downloads folder and double-click the downloaded file. Click the Run button if prompted. The computer system requirements will be checked and any necessary prerequisites installed (such as .net). The program download (300 MB) will continue. Once the download is complete, click the new Prepware desktop icon to start, activate, and register the software.
