If you're about to take an MMA showdown this year - this decade! - then turn it into a live stream of McGregor vs Khabib. We'll make sure we know how to watch UFC 229 no matter where you are in the world. McGregor vs Khabib - when and where? UFC 229 takes place at the T-Mobile Arena in Las Vegas, Nevada... Tonight! (Saturday, October 6 in the United States). The main event - Khabib Nurmagomedov vs Conor McGregor - will take place around 22:00 ET, which means 7pm PT, 3am BST and noon AEST on Sunday. Time to talk trash is over and both fighters will have to let their moves in the UFC ottagon speak for themselves. 'Notorious' Conor McGregor hasn't been in it for nearly two years, with last year's crazy boxing challenge against Floyd Mayweather taking his time. But now he's back to prove that he's not a spending force in the organisation synonymous with Dubliner. McGregor entered UFC 229 with three career losses to his name, while opponent Khabib set a perfect 26-0 record, making his credentials clear to watch. The Russian will want to drag the light duel into a wrestling match. Not so McGregor hoping to keep a distance and deliver his deadly shots. The contrast between the styles and the caliber of the fighters - not to mention the personal animosity between them - that we could be for a real classic in Vegas. With this duel in store, plus an attractive undercard with Tony Ferguson against Anthony Pettis and Ovince Saint Preux vs Dominick Reyes among others, UFC 229 is one not to be missed. Sure, you may have seen talking about people like Reddit about the dubious streams you might be able to get for this fight, but if you want to stay legal (and get a quality stream), then you should read to find out how you can watch this tasty MMA action from anywhere in the world - and on pretty much any device - using our VPN and live streaming guide. UFC 229 live streaming from anywhere in the worldHow to watch UFC 229 with a VPN If you live in a country where there is no UFC broadcast, then there is still a way to watch. You'll need to use a VPN to call in a country that has one. A VPN is perfect for this as it allows you to change your IP address so that it looks in a completely different location. Virtual private networks are also useful if you are worried about secure streaming on the web, thanks to the encryption they use to hide your details. And the best won't record your personal information, either. We've tested hundreds of VPNs and can recommend them as the best VPNs currently available: - IPvanish (69% savings on a two-year plan)IPVanish launched a stormy offer for October - just in time for McGregor's big fight.
