Religion & Worldviews Survey 2021

Good religious education plays a vital role in equipping young people with the skills and knowledge they need to thrive in today's modern, diverse society and workplace.

In Spring / Summer 2021, Culham St Gabriel's Trust, in collaboration with Savanta, surveyed the British public on their views of the benefits of understanding religious or non-religious worldviews, and the role of RE in schools. The following results are based on 2,000 responses from UK based adults.

Most UK adults think that RE should be taught in schools, with the majority agreeing that it helps young people understand and respect others' beliefs, regarded by many as important in a variety of social and private contexts.
