

Local Independent Senior Care Company Making a Difference During the Golden Years

BY HEATHER ESHAM

HEATHER AND HER FAMILY

Senior Independent Living Companions, or SILC, is a non-medical companion care company providing active and engaging care and services for seniors. I opened SILC after a 20-year career as an event and meeting planner as a way to start a company which is near and dear to my heart. This independent Senior Care company was launched and licensed in August of 2016.

I am a local resident and have been married to my husband Mike for 22 years. We have two wonderful daughters. Our oldest daughter graduated from Spring-Ford and is now in her second semester at Syracuse University; the other is a sophomore at Spring-Ford. We have two dogs and had numerous other creatures and critters over the years. We love the community in which we live and feel that this area and the school district has been a wonderful place to raise a family.

SILC was started as an homage to my grandparents, Bill and Gladys, two of the most special and unique people I have had the privilege to know in my life. I lost them both before I was 20 years old, but in those formative years, I was fortunate to have had the opportunity to be on the receiving end of their knowledge, love, patience, and wisdom. The stories they shared and the beauty in their aging faces are still with me 30 years later.

Each senior we are fortunate to meet and work with has their own story to share. I am still blessed to have an amazing grandmother who is alive and sharp at the age of 94. She provides advice, unique perspectives on life, and a sharp wit every time I see her. My goal for her and for all seniors is for them to have the respect, dignity, and quality of life they deserve in their Golden Years.

Peace of mind care for a loved one.

Maximizing independence, and quality of life for seniors.

- Non-medical caregiving and companionship services.
- Reliable & flexible scheduling.
- Dignified, courteous, & engaging care.
