Earthquake

Oh, you make my earth quake

Riding around, your love be shakin' me up

And it's making my heart break

Earthquake

Oh, you make my earth quake

Riding around, your love be shakin' me up

And it's making my heart break

[Outro: Tyler, The Creator & Channel Tres]

It's my fault

It's my fault

It's my fault that I, I didn't do the thing you wanted, it's

my bad you know

It's my fault

Take a name, please take a name and time and try to

get you the right thing you want
It's my fault
