

Lakisha Robinson (Kisha) has been connected to B. Funk since 2016 as a dance mom when her son, Cameron, first joined Crew. As a crew mom, Kisha worked with the studio to make sure she was knowledgeable and ensured that the other moms were informed with what to expect as a competition dance parent. As she became more involved over the years, in 2019 she started working at the Front Desk. Kisha learned more about the operations of the studio which later led to her taking on the role of Studio Manager for B. Funk South (LaPlata).

Kisha now returns to us as Operations Director. She has 25 years of service as a 911 Dispatcher/Supervisor which makes her great at handling high pressure situations, medical emergencies, mental health issues and conflict resolution. She has CPR/First Aid training so your children are safe with her! She has also owned/operated her own Catering and Event Planning business. Kisha comes with a wealth of knowledge and experience in management, planning and operations. She loves dance and has a passion for kids as well. Kisha is well-connected and has built a rapport over the years with the B. Funk Family.
