

PEMBINA GORGE FOUNDATION

Frost Fire Park Chairlift Sponsorship

Our chairlift sponsors play a crucial role in Frost Fire's success and growth. This past year, we have finally been able to re-open our doors to skiers and snowboarders! But that's not all, we were also able to re-introduce two trails that have not been utilized in over a decade - Oxeye and Wild Columbine. It is milestones such as these that demonstrate what we are able to do and achieve with extra support. Chairlift sponsorships are a great way to support Frost Fire and expose your business to thousands of people year-round. Being a gem of a tourist destination in the Pembina Gorge, Frost Fire welcomes people from across the state and Canadian border.

Chairlift sponsors will also receive the new benefit of 15% off the reservation price for one private event each year that you are a sponsor! Thank you very much for your consideration of our request.
