November 2021

Dear Friend,

Perhaps you have had the sensation of feeling frustrated because something was not a certain way. You got so angry that something did not exist that you went ahead and made it happen. You used the energy of your anger to overcome your fears of not knowing how, or of not having permission, and you did whatever it took to make the change or bring the thing to life. What if the unreasonable and outrageous Rage that says "*I want this to exist*" is your real job? What if riding that Dragon was what you came here to do?

If this were so, it would free you from being manipulated by circumstances. You would not deliver your services to the world 'because' it makes you rich and famous, 'because' it gives you enough money to survive, 'because' people love you more, 'because' other people want you to do it, and certainly not 'because' it might save the world. Doing things 'because' of a reason adds [expectations](#). What if your expectations are unfulfilled? Then you would become [resentful](#) against the world for not conforming to your expectations. Then delivering your service would become a source of [Gremlin](#) food.

What if you dropped off the 'because' and the 'in order to'? What if you freed yourself to be an unreasonable outrageous force in the world delivering your particular work according to the rage that says, "I want this to exist"? It would seem to be a sort of madness, because the only reward that you would get is that the results you create come into being, and stand alone without any expectations attached.

Such unreasonable Rage would burn through your emotional fears of not being good enough, or fears of making a mistake because you don't know how it goes. Such Rage ignores your Gremlin strategies to play victim and get revenge. Such flaming Clarity is unhindered by the opinions and fears of other people. Their claim of 'impossibility' becomes irrelevant.

Your efforts and energy would be dedicated to creating the particular results that bring the Rage to its satisfaction. It could be intense. Your inner experience might be something like: "Things are like this, and I want them to be like that, but they aren't like that, and it drives me mad enough to jump out of bed in the morning and do whatever it takes to make it how I want it to be!"

moments later! It could be about writing [The Book](#), delivering a [WorkTalk](#), or a [Workshop](#), creating a [Team](#) of [Edgeworkers](#) or [Intimacy Journeyers](#) or [Trainers](#), building a [Gaian Gameworld](#) such as a [Bridge-House](#), or creating a codex for inhabiting a [Nanonation](#), etc... Whatever it is you create, the engine behind your gestures is your outrageous Rage.

Your interactions with others would be collaborations to harvest or create new [possibilities](#) to bring your shared things into existence. The purpose behind you taking a shower or washing the breakfast dishes is so that your physical body can support you to bring this thing into existence. You go through [Emotional Healing Processes](#) so that your blocks about bringing this thing into existence are transformed into the path for bringing this thing into existence!

Probably you have had such an experience before. Maybe you were not aware that the Force you were experiencing was [Archetypal Anger](#) working through you. Maybe you could not find your way back to such ecstatic Clarity. Possibilitator Training offers many ways: [3-3-3](#) initiation, [Rage Club](#), [Dragon Speaking](#), [Gremlin Transformation](#), [Adult Ego State Decontaminations](#), [committing](#) before you know how, [stellating](#), [Emotional Healing Processes](#), taking your [Authority](#) back, exiting the [8 prisons](#)...

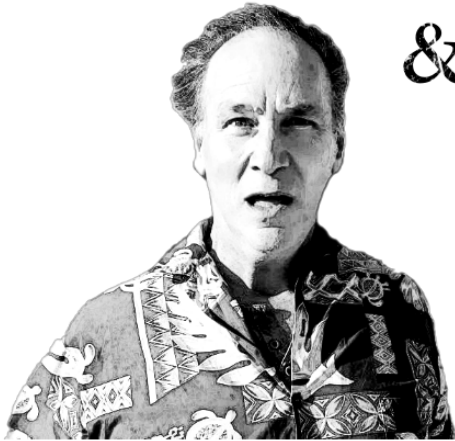

Speaking about 'Exiting The 8 Prisons', Clinton is invited to *The Stoa* by Peter Limberg for a 90-minute transformational interview on **November 24th, 2021 @12PM EST (Eastern Time USA)**. It is free. It is alive. Every question allowed. To register, click [here](#) (<https://zoom.us/meeting/register/tJwpduyprDsuHNPJ5u1sybyQTs-3F0WjHd1Q>)

[SPARK 225: Between potential and current reality exists the Mage Interface.](#)

The 'Mage Interface' is a name given to that 'cubic centimeter of chance' in which you can take productive action in your particular time and circumstances. Exactly there, in the multitude of fine details where potential meets reality, that is where transformation is caused or avoided, that is where healing is catalyzed or blocked.

The Space determines what is Possible. In one particular Space it is possible to create the Possibility that others in the Circle can create Possibility for you to create Spaces of even greater Possibility. This is Mage Team Space. This is where we are going. Our intention is to take creative liberties to build up Noticing, Attention, Confrontation, and Communication skills to Originate, Hold, and Navigate Extraordinary and Archetypal Spaces. In particular, we aim at Spaces where Nonlinear and Unreasonable offers are more abundant and have less resistance and greater effectiveness for Healing and Transformation in every day life.

This is a Training in the [Mage Specialty](#) of the [Possibilitator Training](#).
