

General Memetics News March 2023

Dear Possibilitators,

Our adventures in New Zealand have come to a close for now. A few days ago, Anne-Chloé and I wrapped up our second 5-day Possibility Village Lab, this time in Kina (near Nelson) South Island, with 35 participants, co-delivered with Ana Norambuena. Day after day the Lab spaces intensified and focused as we refined our skills, built matrix, and upgraded our thoughtware together with regards to conscious fear, lying, reasons, speaking from the unknown, and shifting a space from ordinary to extraordinary, until Sunday morning as we opened the space, a woman participant said, "*Anne-Chloé, yesterday you said, 'I only do what I want.' Could you please unfold this further? I cannot understand what you mean.*" And she did. For an hour and a half, during which time most of us cried or screamed or raged more than once. I wish we had recorded the download that surged through Anne-Chloé like a herd of winged horses bearing sword-swinging Goddesses. She made it clear that in Archiarchy, "*Men are liberated through holding spaces that liberate women.*"

Experiments are already beginning. We will try to get them to you as this research deepens and comes to life.

Meanwhile, Vietnam welcomes us for the month of April, during which time I will immediately wrap-up the *White Witch of Tenerife* manuscript, only 32 pages away from completion. I cannot wait until you get this powerful book into your hands. I think the healers of you will be liberated to enter new domains of creation after learning of Elsemarijke Koster's explicit experiences and explanations which she has never shared anywhere before now.

As the editor of [Thoughtware Press](#), Anne-Chloé will also be laying out both the Spanish and Brazilian-Portuguese editions of *Goodnight Feelings*, the children's book that makes each day a little better, no matter what kind of day it was.

Early May, Anne-Chloé and I have been invited to Costa Rica to deliver a 2-day [Gameworld Consulting](#) for the [Post-Scarcity Institute](#) and their onsite Community project: [Tierramor](#), this will be followed

by an [Expand The Box](#) training (10-14 May 2023) organized by [Jeff Shub](#) and his Team there. Then we venture south into Brazil to deliver WorkTalks plus an [Expand The Box](#) training 24-28 June, and a [Possibility Village Lab](#) 1-5 July, both in São Paulo.

We look forward to navigating [four 5-day trainings](#) in Poland in September and the first [Expand The Box](#) Training in Denmark in October organized by [Aon Solarra](#). Imagine living in Archiarchy for a solid month or more with many Archans of all Specialties! We are excited! For info and registration, please review the global calendar of trainings at <https://possibilitymanagement.org/calendar>.

We experience so much collaborative invention happening around us, with you Gaias, both near and far. It is almost enough to give us hope! You can connect in with Possibilitators expanding their agency at the Global PM Events Telegram Group: <https://t.me/+8fjY9XlnYdkwNTRi>

Thank you for Experimenting.

Love from Clinton, Anne-Chloé and your General Memetics News Team

[SPARK 237: By saying you cannot trust, you are saying you cannot be angry enough to take care of yourself.](#)

In terms of relating, if you are too afraid to be close with someone, too afraid to be seen, too afraid to vulnerably connect and communicate, it could be that you are not angry enough to establish alternative options, open up new Possibilities, or apply immediate Clarity for creating what you want. There is so much difference between not trusting yourself to take care of yourself, and reinventing your world so you get to play full out...
