

# B. Domaine Boissonnet

## Saint Joseph Rouge

### CUVÉE EMISPHERE ROUGE

*The vineyard estate is located in the centre of the village of Serrières in the north of the Rhone Valley. The XVII house hides vaulted cellars, restored with dedication, in which our Saint Joseph and Condrieu are raised.*

*On the steep hillsides that peer down over the Rhone, we are working near 12 hectares of grapevines, in the biggest respect for the land and the control of yields: sodding, suckering, leaf thinning, green harvesting. All this tasks allows us to harvest grapes perfectly ripe and of high quality.*

**Varieties** : 100% Syrah

**Land** : granite soils.

**Yields** : 35 to 40 hl/ha

**Harvest** : Harvesting is carried out by hand with a partial destemming at 80%

**Vinification** : Alcohol fermentation in thermo-regulated vats (28-33°). Vatting period of 15 to 21 days with moderate cap-punching and pumping-over.

Maturing in barrels for 15 month.

**Tasting notes** : The Emisphere Rouge is a red wine full of finesse. It combines structure and characteristic flavor, appétizing fruits (blackcurrant, blackberry) with spice notes in the early years. Wine with an elegant structure, that we can appreciate young and fruity. It will start to grow from the fifth year and it can be kept to 10 years, even more with certain vintages.

**Food pairing** : This wine is ideally drunk in a moment of good spirit with friends, with simple food, barbecue, roasted meat. Excellent with our french cheeses.
