Syrah

The vineyard estate is located in the centre of the village of Serrières in the north of the Rhone Valley. The XVII house hides vaulted cellars, restored with dedication, in which our Saint Joseph and Condrieu are raised.

On the steep hillsides that peer down over the Rhone, we are working near 12 hectares of grapevines, in the biggest respect for the land and the control of yields: sodding, suckering, leaf thinning, green harvesting. All this tasks allows us to harvest grapes perfectly ripe and of high quality.

Varieties : 100% Syrah

Land : granitic soil

Yield : 40 to 45hl/ha

Harvest : Harvesting is carried out by hand, with a partial destemming

Vinification : Alcohol fermentation in thermo-regulated vats (28 to 33°C) en cuves thermo-régulées de 28 à 33°C. 15 to 21 days vatting period. Cuvaision de 15 à 21 jours. Moderate cap-punching and daily pumping.

80% of ageing in vats and 20% of ageing in barrels of four wines during 6 to 9 months.

Tasting notes : this wine comes from a land very similar our red Saint Joseph's one. It retain all the typicity of the North of the Rhone Valley with dominant red fruit aromas, freshness to be appreciated in youth.

This wine can be drunk within 2 to 5 years.

Food pairing : An excellent apertif even in summer thanks to its freshness in the mouth.
