student loan only comprehensive program coordinator and maintains a suggested order for financial aid selection libraries. A financial aid specialist is also available to help with this process. The Maryland Association for Library Media Education (MALME) has a library media specialist certification program that can help with this process. The Maryland Library Association also offers similar programs. The library media specialist must complete specific coursework in library science, computer science, and information science. The courses must be approved by the Maryland State Department of Education. The library media specialist must also pass a comprehensive exam to demonstrate their knowledge of library media. The certification is valid for five years and must be renewed every five years. The renewal process involves completing a certain number of continuing education credits. The library media specialist must also maintain a current professional portfolio. The Maryland Association for Library Media Education (MALME) is the certifying body for the library media specialist certification in Maryland. The certification program is designed to ensure that the library media specialist is knowledgeable and competent in the field of library media. The certification program is also designed to ensure that the library media specialist is able to provide quality services to patrons.
