SMU has a school of medicine and the School of Veterinary Medicine, which assigned a master's degree and D.V.M., respectively. St. Matthew's University is owned by R3 Education, Inc. History of St. Matthews, The Grand Cayman St. Matthews Campus SMU was founded in Belize in 1997 by Dr. Michael Harris and other physicians. In 2001, the board of directors changed the administration of the university. In 2002, the school moved to the Cayman Islands under the leadership of interim President Dr. B.D. Owens. Dr. Michael Harris was appointed President in 2003, and the University of Medicine received full accreditation. The School of Veterinary Medicine was established in 2005 under the direction of Dr. Scott Harris, DVM. The school was acquired by Greenwich, Connecticut, Equinox Capital in conjunction with Chicago-based Prairie Capital in 2005. The accreditation of the SMU Medical School is chartered by the Government of the Cayman Islands. SMU Medical School is accredited by the Medical Colleges Accreditation Commission, an accreditation agency listed in the FAIMER Catalogue of Organizations that recognize/accredit medical schools (DORA). The School of Medicine has been accredited since 2001, extending its accreditation until June 30, 2025. Since 2002, the U.S. Department of Education's National Committee on Foreign Medical Education and Accreditation (NCFMEA) has recognized SMU accreditation as standards comparable to the standards used to accredit medical schools in the United States. The St. Matthew University School of Medicine has been approved by the New York State Department of Education (NYSED) to allow students to complete more than 12 weeks of clinical clerkships in New York State. SMU is one of seven Caribbean medical schools approved by NYSED. The St. Matthew University School of Medicine is licensed by the Florida Department of Education's Independent Education Commission (CIE) to provide clinical rotation in Florida. SMU is one of seven Caribbean medical schools approved by CIE. The university is included in the World Medical School Catalogue. In June 2018, access to the Federal Direct Student Loan Program was granted to students of SMU Medical School who are either U.S. citizens or permanent residents. The Medical School Curriculum MD program at SMU is a 10-semester course that consists of 3 semesters calendar year. Semesters 1-5 are basic semesters of science that are completed on the university campus of Grand Cayman (Cayman Islands). Semesters 6-10 consist of 72 weeks of clinical training in rural hospitals in the United States, Canada or the United Kingdom. Licensing Restrictions in the United States, medical boards of the following states restrict St. Matthew's University graduates from obtaining a license: Indiana in Kansas in the United Kingdom, the General Medical Council has listed St. Matthew's University as an institution whose graduates from the Campus of Belize (closed in 2002) are not eligible for a license. Graduates of the current Cayman Islands campus are eligible for a license. Residence Hall The Residence Hall is a 2,000-strong former tourist hotel building in a luxurious 7-mile beach area that has been repurposed to create a vibrant learning environment focused on student academic success. New students arriving on the island live in the dormitory of St. Matthew's University for at least one semester and can stay as many semesters as they like. The facility is located 2.3 km from the campus, with a total of 80 single rooms (220sqft), 29 standard suites (280sqft) and 8 suites (320sqft) and one study room. The rent for a small room is \$4,245-4800 (USD) for nearly 4 months with high-speed internet provided. This is by far the most affordable housing on the island. The School of Veterinary Medicine of St. Matthew University School of Veterinary Medicine (SMUSVM) is listed by the American Veterinary Medical Association, and its graduates are eligible to enter the Educational Commission for Foreign Veterinary Graduates (ECFVG) or the Veterinary Equivalency Assessment Program (PAVE) certification programs. The PAVE program is a foreign licensing program that allows students to qualify for the North American Veterinary License Examination (NAVLE). The PAVE qualification exam is written or online and is designed to test the knowledge of students of foreign veterinary schools. It covers material extracted in the first three (preclinical) years of avMA accredited veterinary schools. The PAVE program is currently recognized in 39 states, as well as in Australia and New York. ECFVG is a program that evaluates the general knowledge of veterinary students from non-accredited AVMA schools to make sure they have sufficient knowledge to practice veterinary medicine in the United States. The program contains four steps and is recognized by all 50 states to allow those who receive a certificate to practice in those states. The dean of the School of Veterinary Medicine is Karen Rosenthal, DVM. Dr. Rosenthal received awards in her work as an advocate animals and its dedication to promoting the area companion exotic exotic Medicine. Dr. Rosenthal received the Oxbow Exotic Mammal Health Award for her work in the field of exotic companion animal medicine on October 24, 2012. Dr. Rosenthal was also an associate professor and head of the Special Species Medicine Division at the University of Pennsylvania School of Veterinary Medicine, where she also served as medical director of the University of Pennsylvania Veterinary Hospital; And previously she was the founder and national director of Avian and Exotic Animal Services for Antech Diagnostics and an employee for five years at the Avian and Exotic Service at the New York Animal Center. Students at the School of Veterinary Medicine complete their preclinical education in 28 months (7 semesters), and three more semesters (12 months) end in the U.S. or Canada as a clinical year. The incoming class size is limited to 35 students, and the ratio of teachers to students is 1:5. Requirements for application to the University of St. Matthew School of Veterinary Medicine are: 8 credits (and laboratories) of general biology and general chemistry, 4 credits (and laboratories) of organic chemistry, 3 biochemistry credits, 6 credits of language arts (English), 3 credits of college mathematics or computer science, 4 credits of physics (recommended), and 6 credits of social sciences (recommended). There is a parallel dual degree program available for students to obtain a master's degree in business administration from Davenport University, which is offered entirely online. Members of the dual-degree program receive benefits that include a Title IV federal student assistance (for U.S. citizens and eligible noncitizens), a partnership fee for tuition throughout the program, a career advancement of a student with two degrees as a Doctorate of Veterinary Medicine and an MBA, and the ability to apply up to 15 transferred graduate loans. SMUSVM has clinical year programs with Purdue University, University of Pennsylvania, University of Minnesota, North Carolina State University, University of Oklahoma, University of Illinois.
