Telugu is a Dravidian language spoken mainly in the southern Indian states of Andhra Pradesh, Telangana and Yanam. It is also spoken in the Andaman and Nicobar Islands, Karnataka, Tamil Nadu, Maharashtra, Chattisgarh and Odisha. According to the 2001 census, Telugu is spoken by about 73.8 million native speakers and another 5 million speakers of the second language. In Canada, for example, Canada, Malaysia, the United States, Myanmar and Reunion have many speakers from Telugu. Telugu at first glance Native name: తెలుగు (telugu) Linguistic affectation: Dravidian, South Central number of speakers: c. 79 million Spoken in: India First written: 400 BC Writing system: Scenario Brahmi, Script Status Telugu: The official language in India The origins of the Telugu alphabet can be traced to the alphabet Brahmi of ancient India, which developed into the alphabet used for both Telugu and Kannada , which, in turn, are divided into two separate alphabets between the 12th century and 15th century AD. The earliest known inscriptions containing the words Telugu appear on coins dating back to 400 BC. The first inscription was made entirely in Telugu in 575 AD and was probably made by Renani Cholas, who began to write royal proclamations in Telugu instead of Sanskrit. Telugu developed as a poetic and literary language in the 11th century. Until the 20th century, Telugu was written in an archaic style, much less than everyday spoken language. In the second half of the 20th century, a new written standard was introduced, based on modern spoken language. In 2008, Telugu was appointed a classic language by the Indian government. Known features of the type of writing system: a syllabic alphabet in which all consonants have inherent vowels. Diacritics, which may appear higher, lower, before or after consonants they belong to, are used to change the inherent vowel. When they appear at the beginning of the syllable, vowels are written as independent letters. When some consonants occur together, special conjuncture symbols are used that combine the basic parts of each letter. Direction of writing: from left to right in the horizontal lines of Telugu alphabet Vowels Conjunants Conjoint agree Other symbols Of the Figures and factons Sample text in Telugu Transliteration Pratiṭṭisvatvamuṁ viṣamuna m'navutellaruṁ janmata'svata'trulunu sam'nunu naguduru.
