❑ **Sign up for Handshake**

Handshake is Mason's new online hiring system, replacing the Hire Mason website some of you may be familiar with. Handshake is a great opportunity for employers to keep engaged with Mason students and alumni in a number of ways. University Career Services offers Handshake accounts for employers to market their events, share internship and job postings, and connect with candidates.

We highly encourage all employers attending the fair to create a handshake account if your company has not done so already. Learn more through their [website](#), or click here to [login to your Handshake account](#). Employers with questions about Handshake can contact Dorothy Hayden, Industry Advisor for Engineering, at dhayden5@gmu.edu, or at 703-993-2369.

The GMU ASCE Annual Fall Career Fair is scheduled for Tuesday, November 3rd on a University approved video-call platform. More information regarding the platform and host will be provided upon registration.
