

Kisha began her journey with B. Funk as a dance mom in 2016. She became a crew mom in her first season with the studio and began to build relationships with other parents and students. In 2019, Kisha began working/assisting at the Front Desk in the Ellicott City location. During that time, she has assisted during recitals, competitions and Monsters Dance Conventions. Kisha has a great rapport with the staff, parents and the dancers at the Ellicott City location and is eager to build the same relationship with LaPlata.

Kisha has experience being a "momager" as her son has now booked professional dance jobs in the industry. She has also worked as an Emergency 911 Dispatcher for the past 22 years. With that background, she is certified in First Aid/CPR and has the ability to handle high pressure situations, mental health issues and conflict resolution. Kisha comes with a ton of knowledge, experience, excitement and a love for dance!
