Half-Life And Counter-Strike 1.6 V.43 Bot

DOWNLOAD: https://tinurli.com/2ik9et

The mod is standalone, it does not depend on any other mods to work. The mod will replace the built-in bots with bots created by the player and not the game itself. It replaces the original AI scripts with vanilla savegame code, so the existing code won't be altered. Bots created by the mod will be able to use and/or build items in the game, but will not have access to a squad system. Bots created by the mod will have limited player-controlled squad dialog. The mod is standalone, but it is recommended to install the mod with the latest version of CK2. Important Note: The main mod does not support the feature of capturing the cities. The main mod only supports the game version that are available for download here. For all the mod author's permission to use the mod, you need to purchase the mod in one of the following options: This mod is a conversion mod, it rewrites the vanilla AI scripts and the player-controlled scripts with a rewritten code. It requires CK2 version 2.1.5.1176, released between the first and second time. This mod may use any mod that modifies the standard AI scripts, e.g. CK2-overhaul or Cute-bot. Here is a list of changes made by this mod: You can use this mod with any standard mod that makes changes to AI script files. There is no guarantee that this mod will work perfectly with every AI mod out there.
