Brother ce 5000prw service manual

COUNTRY OF THE BASIC CUSTOMS USE USE COMPUTERIZED SAFETY INSTRUCTIONS When using this machine, basic safety measures should always be taken, including the following: Read all instructions before use. PERICOL - To reduce the risk of electric shock: 1.The appliance should never be left unattended during connection. Always disconnect the appliance from the electrical outlet immediately after use and before cleaning. WARNING - To reduce the risk of burns, fire, electric shock or injury to people: 1.Do not allow this machine to be used as a toy. Particular attention is required when the appliance is used by or near children. 2.Use this device only for intended use as described in this manual. Use only the accessories recommended by the manufacturer, as contained in this manual. 3.Nu never use this machine if it has a damaged cable or plug. 4.If it is not working properly, if it has been dropped or damaged or thrown into the water. Return the appliance to the nearest authorized dealer or service center for examination, repair, electrical adjustment. 4.Nu never use the appliance with blocked air vents. Keep the ventilation holes of the machine and the control of the foot without the accumulation of lint, dust and unopened cloth. 5.Never drop or insert any object into any opening. 6.Do not use outdoors. 7.Do not work where aerosols (spray) are used or when oxygen is administered. 8.To disconnect, turn the main switch to the position of the (symbol that represents off, and then remove the plug from the socket. 9.Do not disconnect by pulling the cable. To disconnect, pinch the plug, not the cable. 10.Keep your fingers away from all moving parts. Particular attention is required around the device's pin. 11.Always use the correct pin plate. The wrong plate can cause the needle to break. 12.Do not use not used needles. 13.Do not pull or push the fabric while seams. It can deflect the needle causing it to break. 14.Switch the machine to the position of the symbol (when making adjustments in the area of the pin, such as threading the pin, changing the pin, threading the coil or changing the pressing leg and the like. 15.Always disconnect the appliance from the electrical outlet when removing the covers, lubricating or making any other user service adjustments mentioned in the instruction manual. 16.This sewing machine is not intended for use by young children or infirm persons without supervision. (Australia and New Zealand only) 17.Young children should be supervised to ensure that they do not play with Machine. 18.If the Light unit is damaged, it must be replaced by an authorized dealer. Save THESE INSTRUCTIONS This appliance is intended for home use. FOR USERS IN UK, EIRE, MALTA AND CYPRUS ONLY If this machine is equipped with a not-reversible three-pin BS plug, then please read the following. IMPORTANT If the socket is not suitable for the outlet supplied with this equipment, an appropriate three-pin outlet must be cut and fitted. With alternative sockets, an approved safety must be fitted in the socket. NOTE The plug used from the main lead must be destroyed because a flexible bar cable outlet is dangerous. If it is engaged in an outlet, in the case of replacement of the safety of the plug, use a safety approved by the ASTA on BS 1362, i.e. bearing the marking, shall be deemed to be marked on the outlet. Always replace the safety cover, never use sockets with the omitted safety cover. WARNING DOES NOT APPLY A FIRE TO THE IMPLEMENTATION TERMINAL WHICH IS MARKED WITH THE LETTER E, WITH THE SIMBOL OF THE WORK OR WITH COLORED GREEN OR GREEN AND GALBEN. The wires in this main lead are coloured according to the following code: Blue Neutral Brown Live Because the cable colors in the main lead of this device may not match the colored markings that identify the unplugged terminals, proceed as follows: The blue wire must be connected to the terminal marked with the letter N or black or colored blue. The brown wire must be connected to the terminal marked with the letter L or red or brown. FELICITIES FOR THE CHOICE OF OUR MACHINE Your machine is one of the most advanced computerized household sewing machines. To fully enjoy all the features we suggest you study the manual before using the machine. PLEASE READ BEFORE USING THIS MACHINE For safe operation: 1.Be safe to keep your eyes on the needle while sewing. Do not touch the handwheel, wire pick lever, needle or other moving parts. 2.Nu forget to turn off the power switch and disconnect the cable when: -Operation is complete -Replace or remove the pin or any other parts -During use -Keeping the appliance -Leaving the appliance unattended 3.Do not hang anything on the foot controller. 4.Connect the appliance directly to the wall. Do not use an extension cord. For a longer lifespan: 1.When storing this machine, avoid direct sunlight and high humidity locations. Do not use or store the appliance near a space heater, iron, halogen lamp or other hot objects. 2.Use only neutral soaps or detergents to clean the case. Benzene, thinner, and washing powders can damage the case and machine, and should not be used. 3.Do not drop or hit the machine. 4.Always consult the operating manual when replacing or installing any assemblies, pressure legs, needle or other parts to ensure proper installation. For repairs or adjustments a malfunction occurs or an adjustment is required, first follow the troubleshooting table behind the operating manual to inspect and adjust the device yourself. If the problem persists, please consult your locally authorized brother distributor. For more information about the product and visit our website at www.brother.com The content of this manual and the specifications of this product may be changed without prior notice. 1.
