

CORPORATE CHRISTMAS GIFT GUIDE 2025

Boann Distillery is an independent, family-run distillery situated in the heart of the Boyne Valley, dedicated to reviving the true character of Single Pot Still Irish Whiskey through heritage mash bills and modern expertise.

BOANN SINGLE POT STILL IRISH WHISKEYS

Single Pot Still is the quintessential style of Irish Whiskey & is made from a mixed mash bill of malted & unmalted barley with the inclusions of other grains – oats, wheat & rye, from one single distillery, distilled in copper pot stills & matured in wooden casks on the island of Ireland for a minimum of three years.

Boann Distillery is custom-built to process these grains & create the most unique Single Pot Still whiskeys full of character and complexity.
